AVEO EYE BEAM TOUCH NVG

The popular Aveo EyeBeam Touch™ capacitive sensing controlled cockpit and cabin lights are now available in NVG configuration, that is they include green LED lighting compatible with night vision equipment. Also included with the NVG model EyeBeam is the standard selection faceplate locations of white, red and blue LEDs too, so whatever your operational conditions there is a lighting option to match it available from this amazing product. With one light finger touch you can control power, white LED, red LED, green LED, blue LED or the brightness slider scale easily with no mechanical switches to fail and no bulbs to burn out. The EyeBeam NVG™ also features as standard in its firmware automatic light dimming to OFF and automatic ON for the light when coupled to a door microswitch sensor. With a standard 2 minute delay programmed in. The EyeBeam overcomes this with a vibration-proof product that has the exclusive Aveo lifetime warranty. Features: 9-32 volt input range, No external power supply, Swiveling light permits light beam control, Capacitive sensing touch controls, No mechanical switches to fail, Limited 3 year warranty, Unmatched circuit technology. Specifications: Power supply: 9-32 Volts, Current consumption: 110 mA @ 12 Volts, Capacitive Sensing Interface with LED backlighting, 9 Incremental steps capacitive sensing slide bar for brightness adjust, Swiveling Beam, 2024 Anodized Aluminum Construction

POSISTROBE JP DAYLITE WHITE REAR POSITION LIGHT

Rear Position / Strobe LED light
At only 30 millimeters in height (1.180 inch) the PosiStrobe DayLite TM is a value light that does not sacrifice anything in performance or standards as other economy - priced lights offered by the competition. The exclusive and highly advanced optics and chrome reflector system, The unmatched power and led management circuitry and the famous lowest - drag profile in the industry are all combined into a product that gives you unmatched Power and Features. Lower, narrower and shorter PLUS much lighter than industry lights in this category. Experimental.

P/N 05-26730 .....**$279.95**

AVEOFLASH WING FAIRING E SERIES

The wing fairings come in a molded fiberglas pair that fits the LSA and Ultra lights footprint. Cessna 150-180 fairings for wing nav lights - pair of right and left.

P/N 11-08136 .....**$98.95**

AVEO 2-IN-1 EMI / OVERVOLTAGE SPIKE-D MODULE

Spike-D can be use with lights: Ultra Galactica, Ultra Embedded Galactica, Ultra Aurora, Ultra Embedded Aurora, LSA, Andro-meda. PowerBurst, Power-Burst Plues, Gliderburst. PosiStrobe CP Aurora, PosiStrobe CP Galactica, PosiStrobe XP, MiniMax. RedBaron XP Aurora, RedBaron XP Galactica, RedBaron Maxi, RedBaron Mini, RedBaron MaxiMini (NOT HISL!!). R2D2. AveoMaxx. Vega TL, Vega TLR, Vega Helo. All EyeBeam series. For Experimental Aircraft..... P/N 11-14460 .....**$199.00**

AVEO 2-IN-1 EMI / OVERVOLTAGE SUPER SPIKE-SD MODULE

Hercules Drop-In, 9-18VDC has one input and can not be use with Spike-SD, current consumption is 12.6A at 9VDC, what more than 8A per channel. Samson Drop-In has one input and can not be use with Spike -SD, current consumption is 11.1A at 18VDC, what more than 8A per channel. For Experimental Aircraft.....P/N 11-14461 .....**$239.00**

AVEO SAMSON JP TAXI / LANDING LIGHT

Aveo Samson JP landing and taxi lights combine high intensity and affordability. Choose from 6 anodized finishes to enhance your paint scheme. Available with either landing or taxi lenses, optimized for superior illumination.
Simple installation -- "Drop In" upgrade for legacy lights. High performance. PAR 46

Description	Part Number	Price
Aveo Samson JP Taxi Silver	11-18213	**$629.00**
Aveo Samson JP Taxi Red	11-18219	**$629.00**
Aveo Samson JP Taxi Purple	11-18223	**$629.00**
