EPDM WEATHERSTRIP

Self-adhesive rubber strip, made in Sweden of 100% EPDM rubber. Resistant to aging, weather, ozone, ultraviolet sun rays and many chemicals and solvents. Retains resilience at low temperatures (to -45°F). Excellent for all types of weatherstripping and canopy installations. Furnished in three sizes:

- **P-STRIP** - Furnished in full rolls as a double-width strip which splits in the middle to give two single-width P-rolls as illustrated. 17 Ft. Roll 1/4" thick x 3/8" wide. COLOR: WHITE P/N 05-01200 $8.65 Ea.
- **D-STRIP WEATHERSEAL** - 1' Roll 5/16" thick x 23/64" wide. (2) 8-1/2' strips. P/N 05-00897 $8.50
- **ALL STRIP WEATHERSEAL** - 10' Roll 5/16" thick x 19/64" wide. P/N 05-00898 $12.65 Ea.

BEECHCRAFT COWL DOOR CHAFE SEAL

A Complete set of black silicone chafe seal for the upper cowling doors for Beech models 33, 35, 36, 3/8" thick. Kit includes silicone cement. P/N 05-00665 $57.75

BEECHCRAFT NOSE GEAR CHAFE SEAL

A Complete set of black silicone nose gear door seals designed to keep the nose gear doors from chafing against the airplane. Fits models 33, 35, 36. Kit includes silicone cement. P/N 05-00666 $54.75

BEECHCRAFT MAIN LANDING GEAR DOOR CHAFE SEAL

A Complete set of black silicone chafe seals cut to the original design. These seals are cemented to the underside of the wing to reduce the chafing of the landing gear doors when closed. P/N 05-00667 $49.95

BEECHCRAFT TAIL ROOT SEAL

A set of two tail root seals for models 33–36. P/N 05-00669 $99.85

BEECHCRAFT RUDDER SEAT SEAL

A set of two rudder seals for model 35. P/N 05-00670 $63.99

BEECHCRAFT UPPER WING SEAL

Includes 2 (12ft) Upper Wing, 2 lower wing seals and 4 oz of cement. (2) Applicable models: 33, 35, 36, 55, 58. P/N 05-00668 $173.90

SILICONE AIRBOX & HEATER SEAL

This fiberglass reinforced silicone seal 1/16" thick makes an excellent replacement for various airbox and heater box seals used in a variety of aircraft. Furnished as a 6" x 6" piece; Black. P/N 05-00662 $13.70

BLACK SILICONE P SEAL WITH 5/8" BULB

This seal makes an excellent replacement for felt type seals or other neoprene P-seals found in various aircraft. Overall size is 1-3/8" with a 5/8" bulb. Similar to Cessna #2729-1. Note: Use GBL4-4AB large flange (black) pop rivets to install (PN 05-00483). P/N 05-00663 $9.65/ft.

SILICONE ANTI-CHAFE SEAL

Anti-Chafe Seal AMS3303-032. Silicone, Black, 1-1/2" wide x 15" long. Silicone Anti-Chafe Material: Mooney and Early Cessna Models. Piper: Malibu and Mirage. Replaces the use of Teflon Tape. Reduces vibration on the cowling, reduces wear on the contact surfaces. Seals the aircraft cowling from rain and water. Can also be used for fuel straps. Silicone cement must be used to install silicone based seals. Silicone Cement required for installation. P/N 05-00616 $17.85

BLACK SILICONE P SEAL WITH 7/8" BULB

This seal makes an excellent replacement for felt type seals or other neoprene P-seals found in various aircraft. Overall size is 1-3/8" with a 7/8" bulb. Sold by the foot. Note: Use GBL4-4AB large flange (black) pop rivets to install (PN 00-00483). P/N 05-02144 $11.50/ft.

BEECHCRAFT T34 CANOPY SEALS

AMS 3303 silicone seal -65 to +350 for Beechcraft T34 Canopy Seals. Package includes: 1 ea Canopy Sealer 50.0 Long • 2 ea. Canopy Bumper Sealer 21.0 Long • 2 ea. Canopy Bumper Seal 48.0 Long P/N 05-04247 $119.50

BEECHCRAFT STORM WINDOW SEAL

1923/24/23/35/36/50/55/58/76/77/95 Series Window Seal, Storm Window (Frameless) P/N 05-03613 $21.75

COWLING CHAFE CLOTH

Off-white, 100% non-asbestos woven tape. Unaffected by most chemicals and temperatures. 1" x 15 ft. Roll P/N 09-31800 $13.95/roll

GB56 SILICONE ANTI-CHAFE COWL SEAL

The kit includes: 15 Foot Roll with Adhesive, Anti-Chafe Seal and Catalyst, R18 in 1/8" rolls. P/N 05-00964 $62.75

A-56-12 COWL CHAFE SEAL 3/4"

Phenolic-cure Nigen Cotton Webbing used on engine cowls to protect where overlapping the airframe. Not affected by cold, heat or most solvent chemicals. 1/16" thick. P/N 05-11171 $78.65

SILICONE CEMENT FOR SILICONE SEALS

This silicone cement is the same cement that is included with some of the chafe seals and is excellent for attachment of any silicone seal. 2 oz. P/N 05-00996 $34.50

SOLID 1/4 ROUND DOOR SEAL

This is a solid 1/4 round seal it is 5/8"x5/8". It is manufactured to meet the MIL-R-6130C-type 2 neoprene spec. and the FAR 25.853-B burn specification. Use 1/2" T-990 precleaner and 1100-2 glue to install it. P/N 05-04753 $55.25/ft.

BEECH FRAMED SILICONE FOAM DOOR SEAL

BEECHCRAFT TAIL ROOT SILICONE SEAL

AMS3303 silicone seal temperature range -65 to +350. Beechcraft tail root seal. 15 foot length. P/N 05-00669 $99.85

PIPER/MOONEY DOOR SEALS

Developed from a special rubber compound that meets military specifications and FAA requirements for aircraft seals. Has a memory, compresses and conforms to the sealing surface providing a perfect seal. Comes with pressure sensitive adhesive that makes it easy to apply and bonds well with any metal surface painted or bare. Installs in the channel on the fuselage opening. Provides for an air- and water-tight seal. Detailed instructions, an engineering drawing for installation of the new seal, including instructions for adjustment of the door as well as removal of the old seal from the door(s). Please call or visit our website for additional photos and models.

PIPER AIRCRAFT FRONT DOOR SEAL

Piper Aircraft Front Mounted Door Seal P301-1. Nearly a year of development and testing went into creating this revolutionary new Entry Door Seal for airframe use. Custom engineered from a special hybrid rubber compound, the new seal is superior to any seal on the market.
