**MAULE ANTI-SHIMMY CONNECTOR SPRING KITS**

A high and low frequency spring is used to upset the natural frequency of the tailwheel. The lighter spring is used on the left side.

P/N 06-15130 .................. $59.75

**TENSION TYPE CONNECTOR SPRING KITS**

Kit consists of two tension type springs, two chains and two connector links. Lightweight Spring Kit Scott

Connector Links ........................................ P/N 06-15400 ......... $10.75
Chain.......................................................... P/N 06-15500 .......... $1.14

**COMPRESSION TYPE CONNECTOR SPRING KIT**

Replace conventional springs with new compression type. Original tension type springs keep rudder post under continuous tension which wears the hinges. Compression type springs keep rudder neutral - no tension on post. Assures more effective steering action.

Set of 2 stainless steel springs, (2) 1' chains, 4 connector clips:
Springs Only............................................ P/N 06-15600 ........ $60.75
Connector Links........................................ P/N 06-15700 ......... $7.90
Connector Clips ....................................... P/N 06-15400 ......... $10.75
Chain.................................................. P/N 06-15500 .......... $1.14/Ft

**FAA/PMA TENSION SPRING KIT**

Attaches tailspring to tailwheel. Includes 2 springs, 2 connector clips and 2 linkage chains.

P/N 05-11457 .................. $29.50

**FAA/PMA COMPRESSION SPRING KIT**

Keeps rudder neutral - no tension on the post. Complete with 2 springs, 4 connector clips and 2 linkage chains.

P/N 05-11458 .................. $26.85

**HUSKY TAILSPRING**

The Husky Tailspiring is now available. The 3-leaf tailspring, mounting bracket & hardware is all included. This is a direct replacement for all of Sky International (Aviat Husky) tailsprings and eligible on all Husky aircraft, the A1, A1-A, A1-B and the new A1-C. This is a direct replacement for all of Sky International (Aviat Husky) tailsprings and eligible on all Husky aircraft, the A1, A1-A, A1-B and the new A1-C. P/N 06-01364 .......... $211.95

**SONEX TAILWHEEL**

This sand-cast aluminum cores combine weight, economy and long life with maximum strength. The single-wall construction offers a light yet durable wheel with the ability to absorb impact. Engineered to transmit loads directly to the bearing surface for smoother action.

**TAILWHEEL TIRES**

6X2 AERO CLASSIC SOLID TIRE - Used on Scott Model 2600 8" wheel assembly.

Tire........................................ P/N 06-08000 .......... $47.95
Tube........................................ P/N 06-08101 .......... $21.80

6X2 GENERAL SOLID TIRE - A flexible rubber tire with four knobs on center hole. This is Scott P/N 1879 used on Scott Model 2000 tailwheels and some Scott 3-24B tailwheels. Replaces Goodyear 6x2 (11 knobs) solid tailwheel tire.

Tire........................................ P/N 06-08000 .......... $47.95
Tube........................................ P/N 06-08101 .......... $21.80

6.50 X 2.50 SOLID TIRE - Maule P/N 23 for Model SFSA tailwheels.

Tire Only.......................................... P/N 06-00409 .......... $119.95
Tire w/Bearings........................................ P/N 06-00410 .......... $143.80

2.80/2.50 X 4 MCCREARY PNEUMATIC TIRE - Used on Scott Model 3450 tailwheel and Scott model 3245-110" wheel assembly.

Tire........................................ P/N 06-08100 .......... $58.75
Tube........................................ P/N 06-08102 .......... $25.85

10 X 3.50 X 4 MCCREARY PNEUMATIC TIRE - Used on Scott Model 3450 tailwheel and Scott model 3245-110" wheel assembly.

Tire........................................ P/N 06-08100 .......... $58.75
Tube........................................ P/N 06-08102 .......... $25.85

4 X 00 X 4 AERO CLASSIC - Used on Grove Model 49-1A; Tire: 11.5" Dia. Looks like scaled down 500x5 tire.

Tire........................................ P/N 06-00844 .......... $58.75
Tube........................................ P/N 06-08102 .......... $25.85

400X6 AERO CLASSIC - The New Light Sport Tire, 400-6 6 Ply with a Deep Aircraft Type Tread.

Tire........................................ P/N 06-00944 .......... $58.50
Tube........................................ P/N 06-00945 .......... $16.50

**REPLACEMENT TAILWHEEL FOR VAN'S TAILWHEEL ASSEMBLY**

This is a replacement tail wheel for the Van’s tail wheel assembly. The hub is made from 6061-T6 aircraft aluminum with a tire molded from 65 durometer SBR rubber. The design includes precision sealed bearings. 5-1/2" Diameter X 1-1/2" Thick.

P/N 06-01284 .......... $129.85

---

**DISCOUNTS LESS 10% ON 6, 15% ON 10 (ASSORTED)** *P/N 06-14800 has two bends*
