**WHELEN STROBE SYSTEMS**

### SPECIFICATIONS
- **Model:** W1250 Series - W1250 series wing tip position light designed for use under a wing tip fairing. It uses a 6 watt incandescent lamp and is a direct replacement for the brand "G" A1815A Series. Specify 14 or 28 VDC.
- **Model:** 70105 Series LED Forward Position Lights - W1205 series FAA TSO compliant LED forward position lights. They are compatible with the Whelen W1250 position light mounting as well as any other make that uses the same mounting pattern.
- **Model:** 70966 Series - 70966 series LED Tail Position light, is a high quality, long lasting, modern alternative to incandescent & halogen tail position lights. It offers significant technological upgrades over previous products. Utilizing LED technology, the following advantages are offered: Long Life (approx. 20,000 hours); Reduced Power Consumption (compared to alternative light sources); Shock & Vibration Resistant (no fragile filament to burn out); Light (produces bright white light) and No EMI or RFI Interference. 3 Year Warranty.
