AVEOFLASH LIGHTING

AVEO RED BARON MINI LED LIGHT

The RedBaron Mini™ is a cousin to the RedBaronXP™, the world’s smallest and brightest total coverage LED anticollision light. The new RedBaron Mini™ resulted from requests by high-performance racing aircraft, supersonic aircraft, and U.S. defense industry, and aircraft/helicopter manufacturers who wanted an upper and lower anti-collision light due to mounting area constraints. The answer came in this incredible new light, only 27 mm high and only 110 grams in weight. Exceeding all TSO intensity requirements and all DO-160F environmental requirements, the RedBaron Mini™ is now the world’s smallest anti-collision light.

P/N 05-110354 $949.00
P/N 11-10534 $949.00

AVEO GALACTICA RED BARON XP

The RedBaron XP™ version incorporates 36 of the brightest LEDs available in the world today, with chromaticity and intensity compliant to all international aviation and safety standards. The ideal replacement unit for any anticollision light system. Exclusive Aveo internal reflectors, lenses, and electronic circuitry ensure your aircraft will be seen farther away than any other lighting system in the market.

Red Baron XP. P/N 11-11554 $853.00
Mounting Adapter P/N 11-10553 $84.00

AVEO REDBARON ADAPTER

If you are replacing a Whelen anticollision light, this adapter by Aveo is designed to match up perfectly with your existing mounting site. Adapter works for following Whelen models:

- A450
- A470A
- 7108001
- 7108006
- 7108051
- 7105500
- 7105501
- 902001
- 902051

Specifications: Universal holes (4x1.75” x 4x1.625”, 4x1.25”). Color: Silver. P/N 11-10631 $73.75

AVEO REDBARON MAXIMINI RECOGNITION LED LIGHT

Introducing the Aveo MaxiMini™ - the ultimate recognition light. Spawned from the incredible technology of the incredible and unmatched RedBaron XP™, the new MaxiMini™ is the world’s brightest and smallest recognition light, at only 27 mm high and weighing only 85 grams. The MaxiMini™ only comes in aviation white led color, since it is 45% brighter than red leds, which means you will BE SEEN, NOT SORRY for sure!

P/N 05-08364 $725.00
P/N 11-10506 $725.00

AVEO MAXX HERCULES LED LANDING / TAXI / WIGWAG LIGHT

Designed for those of you that want your plane to look like a jumbo jet in the pattern, we went to our skunk works and using our AveoMaxxChop™ technology, we built you the ultimate landing light. The Hercules™ is nonpareil in the industry as verified by test pilots at major aircraft manufacturers in night runway tests against all our competitors’ lights. Again, featuring the landing, taxi, and wigwag functions, the Hercules™ is also available with TCAS activation for recognition mode.

Voltage input 9 to 32 VDC, please remove legacy strobe boxes first!

- 30(Brightest) With Bracket P/N 05-06492 $975.00
- 30(Brightest) Without Bracket P/N 05-10639 $975.00
- 20 With Bracket P/N 05-06493 $825.00
- 20 Without Bracket P/N 11-10643 $825.00

AVEO MAXX ATLAS LED LANDING / TAXI / WIGWAG LIGHT

Aveo’s most compact 3-mode light featuring landing, taxi, and wigwag recognition functions, the Atlas™ is 2x to 3x brighter than the rest of the industry competitors. With a variety of mounting options that are part of the rear heat sink variations themselves, the Atlas™ also has optional built-in TCAS signal activation to act as an automatic recognition light.

Voltage input 9 to 32 VDC, please remove legacy strobe boxes first!

- 15(Brightest) With Bracket P/N 05-06495 $725.00
- 15(Brightest) Without Bracket P/N 11-10647 $725.00

AVEO SCORPIO WING LIGHT PAIR

The Scorpio™ is full featured, three function wingtip light (Navigation, Strobe, and Position), that is designed to basic FAA performance requirements to allow experimental, Ultralight, or Light Sport aircraft to legally be flown at night. It can even be installed on many certified aircraft, having earned TSO certification. (Owners of higher performance aircraft are better served with our brighter lights, such as the Ultra, Caprica, or Andromeda series. Don’t be fooled by the low cost of the Scorpio™; this light still provides features that continue to elude the competition, such as light weight, weatherproof operation, solid encapsulation preventing dangerous internal condensation, and a superb design that meets the most recent performance and environmental testing requirements.

P/N 11-11506 $1,079.00

AVEO ULTRA EMBEDDED GALACTICA

Popular choice for certified and general aviation aircraft of all sizes, due to its compact design and easy installation. With full optical testing for brightness and chromaicty, the Ultra also completed the rigorous DO-160F testing regime exceeding all requirements. The leading winglight solution for numerous military and law enforcement/television UAVs around the world and is very popular with aircraft manufacturers. Ultra wing lights are virtually unbreakable. Aircraft lifetime warranty. Packed with 27 ultra high brightness LEDs that are the industry state-of-the-art in performance and output lumens. To ensure the same tiny footprint the popular Aveo e-series wing lights have become so well-known for in the aviation world.

These aircraft lights meet both TSO C30c and C96a design specifications and EXCEED the requirements of TSO C30c, C96a, SAE AS8037 and AS8017A, plus DO-160.

P/N 05-08364 $1,195.00

TRIKEPAK AVEO TRIKE MOUNT SYSTEM

The Aveo Trike Mount System is an extremely lightweight adapter to mount your Aveo lights to your trike or ultralight frame. Mount system versions include adapters for holding the Aveo Wing, Posistrobe, and Powerburst lights.

Features:
- Aluminum construction with stainlessless bolts. Extremely lightweight. Hinged at two points to permit quick angular mount adjustment to meet lighting requirements.
- Aveo Lifetime Warranty. 9-32 volts Aveo lights operate.

For Wing Light P/N 05-109976 $89.00
For Posistrobe P/N 05-109977 $89.00

AVEO EYEBEAM MINI

Aveo’s incredible capacitive-sensing technology from its highly popular EyeBeam Touch™ products has now been engineered into an ideal small footprint, smaller than a one-color LED cabin/cockpit/area lighting product for those with limited installation space or only simple lighting needs.

With one light finger touch you can control the power and the brightness scale and the light easily swivels to put the beam where you want it. No mechanical switches to fail, no bulbs to burn out. The EyeBeam Mini™ comes with a variety of easily-applied color faceplates, with standard colors of silver and black. The EyeBeam Mini™ is made from anodized aircraft grade aluminum.

Cockpit and cabin lighting, especially on aircraft, helicopters, boats, recreational vehicles and trucks are plagued by problems from vibration... the EyeBeam™ product line from AveoEngineering overcomes this with a vibration-proof product that has the exclusive Aveo lifetime warranty.

Featuring: • 9-32 volt input range • No external power supply • Swiveling control finger-slide panel for intensity and operation.

Silver P/N 11-09976 $189.75
Black P/N 11-09979 $189.75

AVEO EYEBEAM DOMED

Eyebeam Dome™ - Multi-touch Control Interior LED Light The EyeBeam Dome was developed to meet the requests of an interior dome light for all aircraft, that would complement the amazing Aveo EyeBeam products, and their unique touch-controls. Long gone are the days of mechanical switches which can corrode and spark, etc. Available with a remote control finger-slide panel for intensity and operation.
