PMA 8000B AUDIO PANEL

- Designed for a stand alone radio.
- The small 4 X 4 X 2.5 inch remote mounted radio can be mounted anywhere. Includes their audiophile stereo intercom (4 places) and has their IntelliVox™, an automatic VOX. Enhanced IntelliVox® so it will accommodate even the noisiest of cockpits, including some open cockpits. You can pair your phone or Bluetooth® enable audio device. Fully independent power supplies. If you have a Navigator/Com, you can use it as Com 1 and use their remote radio as Com 2. Uses the same tray and connector as the GMA240, GMA340, PMA8000 series. However, there is an additional wire that is required to interface the Com Radio to the audio panel. Dimensions: Height: 1.3” Width: 6.25” Depth: 7.15” Weight: 1.34lbs. Note: Experimental Aircraft Only! P/N 11-09708 $2,295.00

PMA 8000B Audio Panel

- sturdy, 2.5mm multipurpose jack
- Gives pilots unprecedented access to their audio panel, allowing connections to cell phones, portable music devices, or audio announcements directly into the audio panel. 6 user configurations that are front panel selectable. Original Karaoke Mode® can be activated by pressing the front panel "Mute" button, allowing the music to be played in the background while interruptions to the music will be eliminated. Pilot can receive and transmit on the selected VHF COM with ATC as well, for seamless integration in the cockpit. (Cellular telephone use in flight is not permitted, but remains a convenient and safe way to contact air-traffic control or a weather briefer while on the ground.) Six different configurations can be selected from the front panel. Internal Recording System (IRS) is now standard equipment. Backward compatible with the PMA 8000. Use: Front panel jack is restricted to information only, from portable systems. Signals required for certified equipment must be interface in accordance with their specific installation manuals. Specifications: Height: 1.3 inches Width: 6.25 inches Depth: 7.15 inches Weight: 1.34 pounds Power Required: 12 to 24 VDC Warranty: 3 Years Unit is TSO’d.

PMA 8000B Audio Panel

- PMA 8000BT Bluetooth capability: P/N 11-08537 $1,795.00
- Music Cable: P/N 11-04377 $29.95
- Cell Phone Cable: P/N 11-04376 $28.95

PS ENGINEERING PMA8000D AUDIO PANEL

- The PMA8000D is a ship set of two. With digital intercom control, the pilot is always in control while allowing the copilot to off load not only radio communications, but also allow access to the passengers without interrupting the pilot. With two independent Bluetooth® interfaces, and a number of configurations will allow distribution of telephone and music. And like all of our PMA8000 series, there are front panel configuration that allows both the pilot and copilot to configure the intercom to best suite the needs of the cockpit crew and passengers.

P/N 11-10774 $6,995.00

PS ENGINEERING PMA8000C AUDIO PANEL

- The front-mounted, 2.5mm multipurpose jack give pilots unprecedented access to their audio panel. Connect any Bluetooth® enabled phone into the audio panel for a multipurpose jack capability, both for phone calls as well as music streaming. It may also be possible to connect two different Bluetooth® devices at the same time. Three different configurations can be selected from the front panel, such as how the music is distributed, the way the intercom functions, and selecting the new Monitor Function. Monitor mode allows the pilot to designate one com radio as primary, while having the second com as the secondary audio source. When there is radio activity on the primary radio, the secondary com radio will temporarily mute. The Monitor mode will change your IFR approach environment, eliminating having to try to decipher two simultaneous radio receptions.

P/N 11-10773 $1,895.00

PS ENGINEERING PAR200 AUDIO PANEL WITH COM RADIO

First FAA Certified Audio Panel with Com Radio! Combines an audio control panel, high fidelity 4-place stereo intercom with IntelliVox®, Bluetooth® connectivity, and a remote mounted Trig Avionics HIF audio intercom. Included in the audio panel is a highly acclaimed 4-place IntelliVox intercom. Even has the ability to set it for unusually high noise environments. Even open cockpits. A built-in 10 Watt speaker amplifier allows headphone free aircraft radio listening. Included is a trademarked Bluetooth® technology; pairing of phone or Bluetooth® enable audio devices is easily and wirelessly achieved.

P/N 11-11978 $2,595.00

PS ENGINEERING PMA 6000B SERIES AUDIO PANEL / INTERCOMS

- H-place mono intercom and now sports the same style tray and chassis 6 as the PMA8000B uses. The new sleek bezel is populated with tactile Elastomeric pushbuttons We have also changed from the two 44-pin Molex connectors to a new 44-pin sub-D connector, making the harness a lot easier to build...
