LYCOMING VALVE SPRING COMPRESSOR

Our top quality Lycoming Valve Spring Compressor speeds up the removal & installation of cylinder valve springs. It eliminates the danger of broken or bent cylinder fins caused by use of screwdrivers and punches. This tool is easy to use and features 2 pivot locations for parallel and angle valve cylinders.

P/N 12-02072 .............................................. $45.74

LYCOMING BAFFLE SPRING COMPRESSOR

Our top quality Lycoming Baffle Spring Compressor speeds up the removal & installation of cylinder baffle springs. It eliminates the danger of broken or bent cylinder fins caused by use of screwdrivers and punches. This tool is easy to use and features 2 pivot locations for parallel and angle valve cylinders.

P/N 12-02020 .................................................. $79.75

VALVE SPRING COMPRESSOR TOOL

This unit will work on Continental 65 thru 0300, and some 0-470's. Lycoming 0320 & 0360, and most any cylinder with a vertical valve constructed head. It is extremely simple to use. Place Sprayer Compressor in drill press, and a length of wood in cylinder (to keep valve seated). Depress and remove stem clips, and spring. Removes valves in a minute.

P/N 12-02072 .............................................. $45.74

LYCOMING TAPPET GAUGE

Similar to Lycoming Gauge ST23, this tappet gauge is Rockwell hardened to 48-52 and precision ground to .028 and .080. This gauge is a must for professional aircraft mechanics.

P/N 12-00918 .................................................. $42.75

EAR ISLAND REMOVAL TOOL

When substantial quantities of material have to be removed from the exhaust port, it may be necessary to also remove the island around the exhaust stud area. The ear island removal tool and pilot can be used to accomplish this without the use of power tools.

P/N 12-17608 .................................................. $103.95

ECONOMIZER VALVE SETTING TOOL

The economizer valve adjusting tool is a simple, functional gage that eliminates the hassle of using a depth mic. The tool is precision made to assure required accuracy.

P/N 12-17500 .................................................. $189.95

DRILL PILOT SLEEVE & BOLT HOLE BULLET

BOLT HOLE BULLET - Every tool box should have a set. Simply tap bullet into bolt hole requiring alignment, and tap bullet on through with proper AN Bolt. (Set of 5 1/4, 5/16, 3/8, 7/16 and 1/2")

P/N 12-02093 .................................................. $19.90

HANDY BEARING PACKER

Quickly Flushes Out Old Grease and Repacks Bearings with Less Mess. The Handy Packer works on bearings up to 3 1/2" O.D. The grease stays in the tool cavity, not on your hands. To pack a bearing, place the bearing on the piston. Press down on the cap until the old grease is forced out and the new grease shows on top of the bearing.

P/N 12-02578 .................................................. $25.95

P/N 12-02840 .............................................. $125.95

LINK® TOOLS PALM WRENCH & SPEEDER - Link® extensions and sockets will not pull apart until you unlock them. A small pull on the locking device lets the socket or extension fall free. The locking device is similar to those found on air hose couplings, but is a lot easier to lock and unlock. Hand spin, then attach your ratchet to torque down. Not with old fashioned ball bearings, but a space age case-hardened nickel plated steel pin. Or, leave the Palm Wrench on your ratchet and use it as a handy spinnert. Exceeds 130% of ANSI standards.

2” Palm Wrench/Speeder 3/8-In-Drive .................. P/N 12-00088 .............................................. $14.75
1-1/2” Palm Wrench/Speeder 1/4” Drive .................. P/N 12-00089 .............................................. $13.75

LINK® BRAZE STYLE SPEEDER 16.5” - Just the accessory for tight places where there’s not much room to turn. Hand spin, then attach your ratchet to torque down. Made of aluminum and steel. Highly polished and nickel chome-plated for durability, rust resistance, and beauty. Exceeds 130% of ANSI standards. 1/4” Drive, 16.5” Speeder #25557.

P/N 12-01701 .................................................. $34.50

LINK® 1/4” DR. LOCKING ELECTRIC TOOL ADAPTER - For use with your battery-operated electric drill or screwdriver to always get secure locking and quick speed on your sockets and attachments. One end goes into the chuck of your power tool and the other clicks into a socket, socket-mounted accessory, or other Link® drive tool with the same Quick-Lock technology that gives you Hand-To-Work locking.

P/N 12-00933 .................................................. $12.95
