TOOLS

WING STAND

This wing stand is ideal for aircraft homebuilders or restorers needing to safely store and protect aircraft wings during the project. It accommodates virtually all shapes and sizes of wings and is available at a very economical price. We ship this wing stand direct to you from the factory (freight collect). Dims: 72” x 44” x 36” w. Assembly req. Each stand holds 2 wings. P/N 12-21390 $199.00/ea

AEROROLLER-1000

AeroRoller makes movement of your aircraft or wheeled equipment easy. Aircraft can be loaded on AeroRoller without jack and minimum effort is required to move aircraft when on rollers. AeroRoller is constructed of Industrial 1/4” steel plate. Heavy duty Duraf orm 360° swivel castor wheels means no flat spots. Brake castor lock parking location. Each unit can carry 1000 lbs. Manufacturer’s warranty covers defective parts & labor.

Model S48-22 hand brake .......................... P/N 13-00071 .............. $199.95

Optional Stand ..................................... P/N 13-00070 .............. $241.95

Model HBU48-12 Hand Brake .................. P/N 12-20710 .............. $241.95

HAND BRAKE & STAND - Versatile, economical hand brake designed for straight forming of mild steel in thicknesses of 22 gauge & lighter. Made in the U.S.A by Tennsmith. Bends material up to 48” wide.

Model S48-22 Hand Brake .................. P/N 12-20700 .............. $680.00

Optional Stand ..................................... P/N 12-20705 .............. $241.95

TENNSMITH BRAKES & SHEARS

Tennsmith is a heavy duty universal hand brake is a great tool for a wide range of sheet metal bending and forming operations in 12 gauge and lighter mild steel. The brake is ideal for both box and pan and straight bending in hold and cold rolled plate, stainless steel, aluminum, and heavy plastic. Welded steel plate construction for strength and rigidity. Bends material up to 48” wide. Wts: brake: 1330 lbs. Optional stand: 95 lbs. Shipped truck collect direct to you from factory in Tennessee.

UNIVERSAL HAND BRAKE & STAND - Tennsmith’s heavy duty universal hand brake is a great tool for a wide range of sheet metal bending and forming operations in 12 gauge and lighter mild steel. The brake is ideal for both box and pan and straight bending in hold and cold rolled plate, stainless steel, aluminum, and heavy plastic. Welded steel plate construction for strength and rigidity. Bends material up to 48” wide.

Model S48-22 Hand Brake .................. P/N 12-20710 .............. $3,733.00

Optional Stand ..................................... P/N 12-20705 .............. $241.95

FOOT SQUARING SHEAR - Tennsmith squaring shears offer precision shearing and rugged construction. These shears feature traction, ground alloy tool steel blades to prevent material movement during shearing. Will shear material up to 16 gauge mild steel and up to 20 gauge stainless steel. Both blades are adjustable and back gauge gives highly accurate readings. Wts: Model 36: 700 lbs. Model 53: 950 lbs. Shipped truck collect to you direct from factory in Tennessee.

Model 36 Shear (Max. Cutting Width 37°)........ P/N 12-20715 .............. $2,034.00

Model 52 (Max. Cutting Width 52°) .......... P/N 12-20720 .............. $2,596.00

LAP JOINT JOGGLE TOOL

FOR UP TO .032 ALUMINUM SHEET - To use the Lap Joint Joggle Tool, install washers to adjust joggle set-back from edge of sheet. Start at one end of sheet and pull smoothly along edge to be joggled. Keep back plate of tool firmly and squarely against edge of sheet for smooth and parallel joggle. To break a sheet edge, insert sheet just one bearing depth (.4”) then bend down as desired as tool is pulled along edge. Adjustments - For set-back, add or subtract washers. For different material thickness, loosen bolts, spread or close. For use on aluminum sheet up to .032 thickness.

P/N 12-30279 .............. $41.90

NON-CONTAMINATING SCRAPER

Our Non-Contamination Scraper is suitable for all airframe scraping operations. It will not contaminate delicate aluminum parts with steel particles which can induce corrosion. It is easily sharpened with a mill file and the .060” thick heat treated aluminum blade is easily replaceable. Features positive wood grip handle.

P/N 12-30205 .............. $21.60

SEAT TRACK CLEANER

Maintaining adjustable cockpit seats, or passenger seating secured in notched tracks, requires removing the dirt and grit that have become embedded in the tracks. Rex-Cut Products has developed a thin-profile mounted wheel specially designed to accomplish this job efficiently and safely.

The seat track cleaners are manufactured using layers of reinforced nonwoven cotton fiber and abrasive grain which are bonded into discs. When mounted on a die grinder they are able to fit inside the seat tracks. Designed for cleaning all the interior surfaces of the track without having to change discs, one disc will remove caked on sludge, dirt and grit while removing minor burrs and rough edges. The seat track cleaners are non-loading on aluminum and leave superior surface finishes. Available in 54 and 80 grits in aluminum oxide grain mounted on a 1/4 x 1/2” shank. 54 Grit Seat Track Cleaner.................. P/N 12-00955 .............. $7.95

80 Grit Seat Track Cleaner.................. P/N 12-00952 .............. $7.95

SLIDE HAMMER

Blue vinyl hand grip over steel handle reduces sting on technicians hands and provides 100% grip. 3 lb. slide weight is mounted on 1/2” plated steel shaft. Broached hex in nose cone locks pulling screw in place...ends breakage. Supplied with two hardened pulling screws and "L" puller hook fabricated of aircraft quality steel. Nose cone and shaft threads are 1/2” - 20.

P/N 15-08252 .............. $42.70

MACHINIST HOOK SCRIBE

Machinist Hook Scribe New. 2-point scribe has hardened, ground steel points. Features a straight point and a 90 degree point. Length: 9”.

P/N 12-02896 .............. $3.95

PIG TAIL HOOK SCRIBE

Both the 45 degree and pig tail points of the scribe are made of hardened, ground steel. Both ends of the tool unscrew from the body.

P/N 12-02897 .............. $3.95

ELECTRIC ENGRAVER

Use like a pencil to write, draw, engrave on wood, metals, plastics, and glass. Variable stroke adjustment for heavy or fine engraving. Tungsten carbide tip for long life and clean lines. Soft-Grip neck for control and comfort and 6’ Cord.

P/N 12-21355-1 .............. $13.85
