CIRCULAR HOLE CUTTER

General’s circle cutters produce precision circles in sheet metal, brass, copper, soft steel, aluminum, plastic, wood and composition materials. Bodies are constructed of heat treated tool steel for durability. All Circle Cutters have replaceable pilot points. The replaceable cutter blades are made of high-speed steel for precise and clean cuts. Circle Cutters are adjustable for cutting variable diameter holes. A wrench is included for diameter and depth adjustments.

#4 Cutter............. P/N 12-10600............. $13.75
Extra 3/16” Blade P/N 12-10700............. $3.75
Pilot Drills for #4 Cutter............. P/N 12-10800............. $3.50

SWIVEL HEAD PIN VISE

The Swivel Head Pin Vise provides fingertip control of small tools when working with jewelry, electronics or models. The double-ended collet offers two distinct sizes for holding a variety of drill bits, reamers and taps. For added control, this Pin Vise has been designed with a knurled aluminum body for a sure grip while the swivel head turns smoothly against your palm.

$9.95

STEEL PROTRACTORS

Trusted by machinists and draftsmen worldwide to deliver crucial measurements with unwavering accuracy. The 6° adjustable arm is ideal for setting bevels, taking measurements and transferring angles. Ultra-fine steel graduations read from 1° to 180 degrees in forward and reverse directions, and will not wear or rub off. Made of stainless steel for precision and durability.

P/N 17............. $13.75

POCKET CALIPPERS

Although small in stature, these 4” Slide Calipers deliver the same accuracy and precision as some of our larger models. The rugged, stainless steel construction, coupled with a compact design makes these Slide Calipers a great addition to any workbench or toolbox. This item provides inside and outside readings in both 1/16” and 1/32” graduations. In addition, there is a decimal equivalents chart on the caliper’s back side for help in making measurement calculations. 16ths & 32nds P/N 12-01874

$2.25

DIGITAL FRACTIONAL CALIPER

The Carbon Fiber Digital Fractional Caliper brings you three universal systems of measurement, making it an equally practical choice for both professional and do-it-yourself projects. The high-contrast digital display easily switches between inches, millimeters and fractions, with guaranteed accuracy to 0.001”. In addition, the lightweight, non-marring carbon fiber construction delivers accurate readings of inside, outside, step and depth measurements.

3” Caliper............. P/N 12-02307............. $16.75
6” Caliper............. P/N 12-02301............. $25.75

WIRE STRIPPERS & CUTTERS

Just dial the size and avoid damaging wire, especially when used repetitively. Spring opening handles can be locked in closed position to protect cutting edges. Made of tool steel, equipped with vinyl tip and composition materials. Bodies are constructed of heat treated tool steel for durability. All Circle Cutters have replaceable pilot points. The replaceable cutter blades are made of high-speed steel for precise and clean cuts. Circle Cutters are adjustable for cutting variable diameter holes. A wrench is included for diameter and depth adjustments.

FEELER GAGES

Blades are made of tempered steel of exacting tolerances. Each blade has its size etched in both decimals of an inch and millimeters. Nickel plated case has knurled locking nut. No. 230 has 26 3x1/2 in. leaves of the following sizes: .0015, .002, .0025, .003, .004, .005, .006, .007, .008, .009, .010, .011, .012, .013, .014, .015, .016, .017, .018, .019, .020, .021, .022, .023, .024 and .025 in.

P/N 230............. $7.75

REVOLVING PUNCH

General’s revolving punch plier is a convenient spring tension, self-opening tool for punching round holes in leather, plastic, rubber, canvas, cardboard and similar materials. The snap type pliers are used for the installation or removal of exterior and interior snap rings. Revolving turret with six hardened steel punches: 5/64”, 3/32”, 7/64”, 1/8", 5/32”, and 3/16”.

P/N 72............. $9.90

6 INCH ELECTRONIC DIGITAL CALIPER

The Thread Repair Files help breathe life back into bolts, screws or fittings that have been damaged due to cross-threading or corrosion. Made of high carbon steel, the Repair Files offer eight different thread pitches. In addition, the Thread Repair Files can also be used as a screw pitch gage.

P/N 12-01880............. $77.50

STEEL RULES

General’s industrial quality Steel Rules are precision made with etched fine black graduations for easy reading and long life. The two finishes available are polished stainless steel or satin chrome. Front graduated in 1/8ths, and 1/100ths, back in 32nds and 1/100ths exactly 12 inch (30cm) flexible stainless steel rule. Precision made. Fine black etched graduations.

6” Long, 15/32” Wide............. P/N 616............. $5.35
12” Long, 15/32” Wide............. P/N 1216............. $8.95

PERMANENT ALNICO MAGNETS

These industrial grade Alnico (Aluminum/Nickel/Cobalt) Magnets are built for heavy duty and will not naturally demagnetize over time like other magnets. They are handy in a plethora of applications and work settings. The horseshoe-shaped Power Alnico Magnets are available in 2 distinct sizes with extraordinarily strong pull capacities ranging up to 13 lbs.

No. 370-1 Pocket Magnet, 3/4” oz. $5.95
No. 370-2 Power Magnet, 2 oz., approx. 13 lb. pull $7.75

WIRE & SHEET METAL GAUGES

#20 WIRE GAUGE - The Wire Gage helps you to accurately determine the thickness of American Standard wire from 0 to 36. The Gage works with all non-ferrous metals, wires and rods such as copper, brass and aluminum. This heavy duty tool is made from hardened and tempered steel, and is stamped with wire sizes on the front and their decimal equivalents on the back.

#20 American Standard Wire Gauge - For gauging non-ferrous wire & metal like copper, brass, aluminum, etc.

P/N 12-02384............. $22.65

#21 U.S. STANDARD SHEET METAL GAUGE - The Metal Gage is for gauging uncoated sheet, plate iron and steel, based on weights in ounces per square foot. gauge numbers in 1/64ths in U.S. Standard. Numbers 0–36 (.325”-.007”). Made of hardened steel, with a satin finish for easy reading. Decimal equivalents on the back side. Measures 3-1/4” in diameter.

P/N 21............. $21.85

SCREWDRIVER HANDLE SCRATCH AWL

If you’re looking for a quality, yet economic awl, then check out our Screwdriver Handle Scratch Awl.

Featuring a 3-5/8” blade and a durable plastic handle, this Scratch Awl makes a great addition to any workbench of toolbox.

P/N 12-01873............. $5.95

UTILITY AUTOMATIC CENTER PUNCH

The Utility Automatic Center Punch is our most economical model, offering a light weight aluminum body and a hardened steel point. The punch is great for use in various metals and woods, and is impact adjustable.

P/N 12-01874............. $11.85

STAINLESS STEEL AUTOMATIC CENTER PUNCH

This is used for marking, punching & staking numbers in durable stainless steel body that will not rust.

P/N 12-03515............. $13.65

TRAMMEL POINTS

General’s adjustable trammels accurately measure and mark distances that are too great for conventional compasses and dividers. Trammels will accurately transfer measurements, scribe arcs and lay out circles. Points can be replaced with pencils, ballpoint pens, crayons or soapstone sticks for marking various materials.

P/N S20............. $34.75

DRILL GAUGES

General’s Drill Gages help you to quickly and accurately identify the sizes of stray drill bits in your workshop. These gages can be extremely useful with older, unmarked bits or ones that are too small for markings. Each heat treated, heavy steel gage is machined to close tolerance for spot-on accuracy. The bit sizes and decimal equivalents are permanently etched to the face to provide years of dependable use.

Part No. | Description | Price
--- | --- | ---
