- **Compartment:** 16
- **Weight:** 8 lbs
- **Material:** Prime cold rolled steel • Interlocking and Welded Construction • Colors: Durable gray powder coat finish • Depth: 12" • Height: 3" • Width: 18"  
  P/N 12-02623 $24.85

**21 COMPARTMENT STORAGE BOX**

Easy glide large and small racks are designed to accommodate large and small compartment boxes and create convenient, compact storage systems. Boxes can be removed and transported to the job site. Rugged plastic inserts and scoop bottoms fit neatly into steel outer shell boxes. Optional bases raise racks off the floor.

- **Compartment:** 21
- **Weight:** 8 lbs
- **Material:** Prime cold rolled steel • Interlocking and Welded Construction • Colors: Durable gray powder coat finish • Depth: 12" • Height: 3" • Width: 18"  
  P/N 12-02622 $24.85

**32 COMPARTMENT STORAGE BOX**

Easy glide large and small racks are designed to accommodate large and small compartment boxes and create convenient, compact storage systems. Boxes can be removed and transported to the job site. Rugged plastic inserts and scoop bottoms fit neatly into steel outer shell boxes. Optional bases raise racks off the floor.

- **Compartment:** 32
- **Weight:** 8 lbs
- **Material:** Prime cold rolled steel • Interlocking and Welded Construction • Colors: Durable gray powder coat finish • Depth: 12" • Height: 3" • Width: 18"  
  P/N 12-02621 $24.85

**EZ GUIDE DRAWER RACKS**

Easy glide large and small racks are designed to accommodate large and small compartment boxes and create convenient, compact storage systems. Boxes can be removed and transported to the job site. Rugged plastic inserts and scoop bottoms fit neatly into steel outer shell boxes. Optional bases raise racks off the floor.

- **Weight:** 20 lbs
- **Material:** Prime cold rolled steel • Interlocking and Welded Construction • Colors: Durable gray powder coat finish • Depth: 15" • Height: 8-1/8" • Width: 20"  
  P/N 12-02624 $81.75

**EASY GLIDE RACK BASE**

Rack base (20 5/8" W X 15 5/8" H X 12 5/8" D; weight 13 lbs.) is available for use with PN# 12-02626.

- **Weight:** 13 lbs
- **Material:** Prime cold rolled steel • Colors: Durable gray powder coat finish • Depth: 12-1/8" • Height: 15-1/8" • Width: 20-3/8"  
  P/N 12-02627 $42.75

**PIG® FORM-A-FUNNEL® DRAINING TOOLS**

The Form-A-Funnel has literally hundreds of uses. For aircraft owners, it makes aircraft oil servicing a breeze. The larger model (18611) was designed to be formed into a channel that can be easily inserted into your engine compartment, weaving its way past engine accessories and into a snug position under your oil filter. After loosening the filter, the oil drains to a position outside your cowl, preventing the messes that usually occur, and keeping oil off the inside of your cowling (and off the hangar floor).

The Form-A-Funnel’s flexible lip seals against the engine case or drain port, ensuring that not a drop is spilled. No more imprinted cardboard channels, and no more bulky and hard-to-clean plastic funnels! The smaller model (18609) is perfect for small engine repair or servicing, automotive work, changing the oil in your air compressor, draining and pouring fluids or granular material, creating all kinds of funnels, and making improvised pans and fluid channels.

Form-A-Funnel is constructed of a thin layer of flexible metal covered with a tough outer layer of Nitrile rubber. It’s reusable and will last for years. It cleans up with just a wipe, and you can store it rolled up or flat. No other funnel can go in your pocket or in the drawer of your toolbox! It resists all common aviation and household chemicals, including oil, fuel, hydraulic fluid, transmission fluid, antifreeze, battery acid and solvents. Form-A-Funnel is one of the most clever tools you’ll ever own!

**CLAMP TOOLS**

With stainless steel components and an aluminum body, this tool was designed for the outdoors man, fisherman and farmer who would have it around a corrosive environment. The stainless steel components are stronger and you can just toss it in the tool box that is in the truck, boat or tractor. The tool is great for emergencies and tough wire jobs. This is the original marine grade tool.

- **3/4" Long – 7" Fully Extended**  
  P/N 12-02633 $39.95

Plated steel components with aluminum body. This tool was designed with the mechanic in mind who would have it around grease, oil and a controlled environment (non corrosive). Great for the CV boots, fuel line, thermostat housing, radiator hose and air hose type repairs.

- **3/4" Long – 7" Fully Extended**  
  P/N 12-02634 $29.95

This tool is machined stainless steel with a one piece body and nose and bronze nut. The tool was designed with the detailed craftsman who need a long lasting tool able to hold up to extremely tough wire while clamping, binding and pulling the wire until the job is complete.

- **3/4" Long – 7" Fully Extended**  
  P/N 12-02632 $69.95

**TOGGLE CLAMPS**

Easier to use than regular C-clamps. Quick-release style. Removable rubber pads on each screw. Gap: 1".

- **1-1/2" Reach**  
  P/N 12-02863 $14.85

- **1-1/8" Reach**  
  P/N 12-02864 $18.50

- **1-3/4" Reach**  
  P/N 12-02865 $22.50

**SCREW & BOLT SHEAR**

The Screw & Bolt Shear is a bolt cutting device manufactured from very high quality tool steel which is hardened, tempered & machined to very close precision tolerances. The action of this tool is similar in nature to a "guillotine" design and is quite effective in cutting screws/bolts to specific lengths. The cutting body of the SB-1 will accommodate screws or bolts in sizes of 4-40, 6-32, 8-32, 10-32, 10-24, 1/4-20 & 1/4-28.  

- **P/N 12-14250** $39.95

**FORM-A-FUNNEL**

- **P/N 12-03148**  
  $29.95

- **P/N 12-03147**  
  $19.95

**QUICK ANGLE - MEASURING TOOLS**

A multi-functional revolutionary new tool for measuring angles and pitches. It’s rare to find one tool that will accomplish so much (miter cuts for one and duplications for another). Use this one-in-all tool to compliment and enhance your tool box.

- **P/N 12-02458** $35.80
