FLIGHT DESK TRI-FOLD KNEEBOARD

Flight Desk Kneeboard greatly improves cockpit organization of charts & accessories. Unlike some other kneeboards with limited utility, this will hold sectional charts, a large E6B type computer, and has two elastic loops on either side of the clipboard to hold a goose-neck type flashlight. If the middle loop is not used for a computer, it can be used to hold a handheld transceiver.

ORG-A-KNEE-ZER™ KNEEBOARDS

Extremely versatile, organizer/kneeboards providing a standard 7-ring binder on a very stable platform with built-in pencil sharpener, combo maglite/ pencil holder and many other unique features. Compact storage, rugged materials and powder coat finish, add even more to their rich feature set. Use for VFR or IFR flight, using NOS or Jepp charts and see how their versatility can adapt to your demanding and varied needs as pilot. The patented design of Model A1-AC allows you to flip through your charts, checklists or other reference materials, with unobstructed access to the writing surface for jotting ATC instructions or holding flight plans. It’s excellent for most general aviation aircraft and is very popular with Cesna and Piper pilots. It’s 9” long x 8” wide and up to 16” wide when fully open. It can also be used as a simple clipboard for preflight checks when closed (includes 3 chart pockets).

APR MXU-163/LL OMNI KNEEBOARD W/ LED LIGHTING

APR’s MXU-163/LL is a precisely engineered aluminum kneeboard designed to meet all requirements of general aviation, commercial, law enforcement and military pilots. The LED light provides over 100,000 hours bulb life and reduces battery power requirements by 75%. Its adjustable intensity evenly illuminates the board’s top surface. The contoured base with foam pads that prevent movement comfortably fit either leg. A quick-release buckle on the wide elastic adjustable leg strap provides stability and releases quickly. The kneeboard’s top and bottom clips open 1” to hold flight plans, charts, maps, or an approach plate book. The MXU-163/LL has two pencil holders: one at the top, angled for quick pick-up to write clearances, and a second on the side of the board. Kneeboard comes with a pad of VFR en route flight logs and an example log showing step-by-step instructions. Lifetime, non-glare anodized aluminum.

HARPER KNEEBOARDS

FIXED RING ULTIMATE KNEEBOARD™

- The fixed-ring model is the most popular kneeboard. The convenience of the snap-open, ring binder design makes it ideal for quickly changing pages, charts and checklists. Pilots flying into multiple airports or flying a variety of planes will find the fixed-ring design perfectly suited for them.

P/N 13-07022 ........... $43.50

LOOSE RING ULTIMATE KNEEBOARD™

- Our loose-ring model has seven independent rings which are not bound together. The result is a kneeboard that holds perfectly to the shape of the pilot’s leg. It is ideal for pilots who primarily fly the same airplane in and out of the same airport.

ARMBOARD

The ArmBoard provides agronomical, space saving writing surface as natural to wear as a wrist watch. Regardless of how large or small the cockpit is, the ArmBoard truly frees up much needed space. The product was also tested by CFIs and proved extremely useful in taking notes during flight lessons and jotting down student performance comments for follow up during ground school. A writing pad is included with a flight planner version sold separately along with various flight reference cards to be used on the inside flap of the ArmBoard.
