**BLOCKALLS TRAINING GLASSES**

Designed by pilots for pilots. Blockalls™ resolve problems with existing view limiting devices. Weighing in at just under 1oz, it’s easy to forget you are wearing them. Engineered to easily penetrate the seal of your headset eliminating the hassle of having to remove it first and then put it back on. Blockalls™ fit the soft rubber nose piece and streamlined temple tips. Tailored off center viewing also keeps more of your time inside the flight deck rather than outside. Recommended by AOPA/Flight Training.

**OLD FOGGIES™ IFR TRAINING GLASSES**

IFR Glasses: Old Foggies™ brand view limiting device was developed in order to balance the training value of a view limiting device without further limiting the pilot from being able to read his/her charts. Old Foggies™ blend of precision fogging and custom powered corrective lenses allows for the precise amount of the instrument panel viewing without any view of the horizon. Old Foggies™ are available in customizable powers with no need for a prescription. Available in Clear and Light Mirrored Tint (a reflective coating that eliminates glare without further limiting visibility). Available Powers: 1.5, 2.0, 2.5

**THE HOODY**

Provides a complete view of even the most sophisticated instrument panel. Weighs less than 2oz. Stores easily in a flight bag with the flaps folded in. The Hoody™ fits most caps. No hooks, no clips, just slips on and off. Easily molds to the bill of your favorite cap.

P/N 13-12753 ...... $19.95

**JEFFYHOOD**

A lightweight plastic hood that does the job inexpensively. Jeffyhood stows rolled up in a flight case, or even in your pocket. Has an adjustable elastic headband for comfortable fit. P/N 13-03457...... $11.95

**FRANCIS IFR HOOD**

Francis hood restricts your vision totally to your instrument panel because its head band will not block any part of an instructor’s vision. Made of lightweight, shock-resistant plastic, and has cushioned face pad for comfort. Adjustable elastic headband. P/N 3362........ $22.85

**JEPPE SHADES**

Replaces bulky, hard-to-use training instrument hoods. The improved design allows for better student/instructor interaction. The Cockpit proven design works conveniently under headsets and the universal adjusting strap reduces pressure on the ears and temples. The Velcro™ strap fits comfortably and flip-up lens allows convenient IFR/ VFR flight transition. The high quality polycarbonate lens is impact resistant.

P/N 13-404311....... $25.95

**FOGGLES**

A creative solution to the problems caused by wearing a large hood on your head. Foggles fit and feel like glasses, but the opaque frosting on the top and sides let you see only the instrument panel. Your out the window view is always foggy. Wear them with headsets and microphones with no interference or discomfort. They come with a protective carry and weigh only two ounces.

Good .................................................... P/N 13-06500 $19.50
Yellow ...................................................... P/N 17-00039 $21.95

**SUPER HOOD**

Deal with eye glasses or headsets as it slides in under the headset without relinquishing control of the aircraft and it can be instantly removed at any time for a safe approach or landing. Blocks outside reference but provides a full panel view to reduce vertigo. Light weight (3 oz.) and comfortable.

P/N 13-30200........ $21.75

**IFR TRAINING GLASSES**

Polycarbonate Lenses (UV Protected). Adjustable frames. High brow area to prevent “peeking”. Opaque frosting to simulate actual IFR conditions. Protective carrying bag included.

Clear ....................................................... P/N 13-06500 $19.50
Yellow ....................................................... P/N 17-00039 $21.95

**VIBAN IFR TRAINING HOOD**

Weights only 2 oz., making it easy to put on and take off during flight. Provides a perfect view of the instrument panel while providing complete occlusion forward and to the side. Even more, VIBAN folds compactly to fit in its own durable case and is easily stored in your flight bag.

Without Nosepiece ......................................... P/N 13-02202 $38.95
With Nosepiece .............................................. P/N 13-02023 $38.95

**OVERCASTERS**

Overcasters is a unique IFR training tool which clips to glasses (sunglasses or RX) in seconds. Flip-up in one easy motion! Feather light, no straps, no clips, no hassle. Accepted by IFR examiners for check riders.

P/N 13-33799....... $16.85

**ASA HOODWINK IFR TRAINING HOOD**

Unique design easily and automatically springs open when removed from its pouch and packs away for storage with just a simple twist. Lightweight, yet durable enough to withstand the rigors of daily use. 4"x4" slim pouch is small enough to fit in a shirt pocket or in almost any flight bag compartment. Can be used with or without headsets. One size fits all.

P/N 13-05620 $15.95

**CLOUD-EEZE™ IFR TRAINING GLASSES**

Developed in order to balance the training value of a view limiting device without further limiting the pilot from being able to read his/her charts. Old Foggies blend of precision fogging and custom powered corrective lenses allows for the precise amount of the instrument panel viewing without any view of the horizon. Old Foggies™ are available in customizable powers with no need for a prescription. Available in Clear and Light Mirrored Tint (a reflective coating that eliminates glare without further limiting visibility). Available Powers: 1.5, 2.0, 2.5
