STUDENT PILOT LOGBOOK
This Logbook is designed for Student Pilots preparing for Private, Sport, and/or Recreational Pilot licenses. The student’s learning progress is comprehensively tracked from his first flight to his last prior to his completion ride. There are upwards of fifty (50) critical areas of airmanship presented and tracked per flight. These areas range from take-offs, flight maneuvers, to landings. Discussion time is also tracked along with ground school briefing subjects. The Student Pilot and Flight Instructor can quickly identify problem areas or areas which do not need to be stressed to help the student in progressing towards the license.
