MAGLITE LED FLASHLIGHTS

MAG-LED™ Technology known for their obsession with precise engineering, craftsmanship and commitment to perfection, was not satisfied with the performance of a “regular” LED as a usable light source. They set their sights on producing a light source that would not only incorporate longer battery life, but would also have the kind of durability, reliability, and performance Maglite® flashlights are known for. With an emphasis on uncompromising performance, MAG-LED™ Technology is the result of that quest.
