**GUPPIE MULTI-TOOL**

The adjustable wrench jaw opens to 1/2" so you can use it for all kinds of light repair and assembly jobs. Thanks to the carabiner gate, the Guppie is easy to carry on a belt loop, D-ring, pack or rope. (But it is not a weight-bearing carabiner.)

The high-carbon stainless steel blade with a Razor-Sharp edge can be opened and closed with one hand using the blade slot. The removable bit carrier is also a high-intensity LED light. It has two strong magnets to hold it securely to your pocket or on gear, which gives a lot of versatility. One more trick: the Guppie’s left side. The stainless steel clip will hold the Guppie in place on a belt loop or bag.

The Guppie carabiner detent will open bottle caps and metal jar lids. The Guppie is compact and well weighted, making it a good companion for lighter tasks. The Guppie is a high-quality multi-tool, designed to last a lifetime.
