VEDALOH™ PERFORMANCE
SUNGLASSES

High-Definition Lens Technology (HDL-3C™), built into new sunglasses offer improved light definition for pilots, using color, clarity and comfort. These lenses filter the visible spectrum to improve color contrasts; decentered lenses increase visibility and eliminate distortion; visual health is improved and eye fatigue is reduced thanks to lightweight frames. Visibility is said to be increased through triple-spectrum color contrast enhancing techniques; other color tinting techniques improve color simulation but only improves one basic color type in the color spectrum.

These non-polarized (important for pilots!) lenses come in two lens types: rose (for low light conditions), and smoke (for bright light conditions). The sunglasses are very lightweight and comfortable. We offer a 30-day money back guarantee if you’re not satisfied. Several choices for frames are available.

### FRAME STYLES

- **ROSSO2 (HINGED)**
- **AZZURRO2**
- **ARGENTO2**
- **CARBONE**
- **VERONA**
- **ROMA**
- **BERGAMO**

Flush-fitting, wrap-around design but only improves one basic color type in the color spectrum.

SERENGETI AVIATOR SUNGLASSES

Serengeti Aviators protect your vision while eliminating glare and sharpening details better than other sunglasses. Cloud boundaries are more easily delineated and oncoming traffic is more visible. Unique photochromic spectral controls improve your ability to see in marginal VFR and IFR conditions. In bright sunlight, you’ll see the instruments better and ghost images will be eliminated from the cockpit. Wear them late in the day or at sunset to preserve your night vision.

### Frame Lens Part No. Price

- **Shiny Gunmetal Drivers Gradient** 13-15074 $249.00
- **Shiny Black** 13-15075 $249.00
- **Shiny Silver** 13-15079 $249.00

### LARGE AVIATOR SUNGLASSES

- Base Curve: 6, Temple Length: 140mm. Lens Size: 61.75 x 55.5 x 68mm, Dbl 10.5mm

### AERIAL SUNGLASSES

- The navigator-inspired Aerial is light on ounces, but not on style thanks to frames crafted with titanium, which are accentuated by distinctive bayonet-style temples.

### FRAME LENS PART NO. PRICE

- **Shiny Black Drivers Gradient** 13-15077 $249.00
- **Shiny Black** 13-15078 $249.00
- **Shiny Silver** 13-15079 $249.00

### SORTIE SUNGLASSES

- Sortie is a classic aviator sunglass. Its frame is made with extremely light and incredibly strong Titanium, a material widely used in aeronautical applications. Ultra-light glass lenses and highly adjustable nose pads deliver the performance and comfort pilots demand and anybody else can appreciate.

### FRAME LENS PART NO. PRICE
