**INSTRUMENT RATING CHECKRIDE REVIEWER**

The combination of a book that has enough "tech" but is still usable was the motivation behind this manual. It’s a book that not only gives you a detailed step-by-step plan for your instrument checkride, but also provides the tips and tricks of the IFR system that will keep you safe.

P/N 13-12019 $17.95

**LEARNING IFR ENROUTE CHARTS**

This 40 page guide is designed to be used as a teaching aid, reference document, and an introduction to the wealth of information provided on aeronautical charts. Included are IFR Chart Extracts to teach chart terms and symbols, and a comprehensive display of aeronautical charting symbols organized by chart type. It includes everything you need to know about charts for your checkride, even the most rarely used chart elements.

Size: 8in x 10in - designed to be used on the ground.

P/N 13-12020 $13.95

**SAFER APPROACHES - APPROACH RATE TABLE**

Use the safest, airplane-proving technique for non-precision approaches that minimizes aerodynamic surprises and virtually eliminates the possibility of Controlled Flight Into Terrain. Safer Approaches will teach you how to conduct Instrument Approach Procedures to a higher standard of safety and precision.

P/N 13-12021 $59.95

**PILOT’S RADIO COMMUNICATION GUIDE**

This 70-page review guide is designed as a quick reference guide or radio communications training self study guide. This covers VFR & IFR radio communications. Build your confidence by knowing what to say and when. Designed to fit in your flight bag, size: 6in x 9in.

P/N 13-12022 $14.95

**GETTING THE MOST OUT OF YOUR FLIGHT TRAINING**

This 170-page book is the essential guide to becoming a better pilot, paying the least, getting the most, and finishing as quickly as possible. Includes sections on Becoming a Better Pilot, Ground & Flight Instruction Tips, and Earning Certificates & Ratings. Size 6in x 9in.

P/N 13-12023 $13.95

**AVIATION ACRONYMS, CONTRACTIONS, AND MNEMONICS**

A complete pilot resource for aviation acronyms and contractions. Written by a pilot for pilots, this book provides instant answers to weather reports with confusing codes and aviation material with undefined acronyms. This book has been in constant publication since 2004 and is frequently updated. For free lifetime updates, register your book (instructions included). 90 pages. Size 5" x 8.5". P/N 13-12024 $11.95

**VISI-HOLD™ - KNOW INSTANTLY**

Holding patterns baffle most pilots. I see a lot of students holding up three fingers to the DG and mumbling nonsense to themselves. In order to end the confusion, use the Visi-Hold™, the easiest way to figure out your holding entry. Works with standard holds and non-standard holds (left turns). The Visi-Hold™ package comes complete with Visi-Hold template, directions, and two articles on holds: All About Holding and Holding Simplified.

P/N 13-12026 $9.75

**PILOT’S RULE OF THUMB - ULTIMATE VFR / IFR CHECKLIST**

The ultimate checklist that every pilot needs. Ten years in development, this is a product that pilots of all levels of experience can immediately use. This tool covers 30 normal and non-normal situations and has 9 special tools that you’ll use on every flight. This high-quality plastic ruler/checklist measures approximately 3.75” x 9”.

P/N 13-12027 $3.95

**VISI-PLOTTERTM FLIGHT PLANNING PLOTTER**

This is the only VFR plotter invented by a CFI for pilots. It includes innovative features that provides temperature conversion, flight planning scratch pad area, and a no-mistakes course protractor that even beginners won’t be confused by. It provides scales for sectional & WAC charts, and it even has inches & MM measurements. P/N 13-12028 $13.95

**GUARANTEED PASS - HELICOPTER FLASH CARDS**

This package includes 240 easy to read, soft yellow cards -- not flimsy paper -- which will help you pass your FAA written and oral (checkride) helicopter exams. Card size approximately: 4.25” x 2.75” - a stack of cards approximately 2in high.

P/N 13-12029 $24.85

**PRINCIPAL TEST STANDARDS:**

**SPORT PILOT**

FAA S 8081-29 & 8081-31 combined combining flight, weight shift, powered parachute, and flight instructor.

PTS Flight Instructor E-Book $6.45

PTS Complete Collection E-Book $18.70

**PRIVATE PILOT FLIGHT MANEUVERS**

The purpose of this manual is to help in the explanation, visualization and execution of the flight maneuvers required for the Private Pilot Practical Flight Test. Students preparing for their oral and flight test will find this manual helpful. Any pilot preparing for a Biennial Flight Review (BFR), can use this manual as a refresher on maneuvers that you may not have executed in quite some time. Flight Instructor applicants and Certified Flight Instructors will find this manual a beneficial teaching aid.

The manual breaks down each maneuver required on the Private Practical Test in six parts: FAA objective for the maneuver. FAA completion standards. General description of the maneuver. Detailed step by step textual description on how to execute the maneuver as recommended by the FAA. References to FAA publications where the information was compiled from. Detailed graphic profiles summarizing the procedure in a visual format. Also included are airspeeds, pitch attitudes, bank angles, power settings and configurations for a Cessna 172P plus add the same information for up to three additional aircraft.
