

100W**SUNSPOT™ 36-4000 SERIES**

Highest performance in the industry. SunSpot 36-4000 Series Taxi Lights are designed as an LED drop-in replacement for existing legacy lights in a PAR36 configuration.

-H MODEL includes AeroLEDs signature integrated Pulse (WigWag) functionality. This feature helps to significantly increase recognition in both broad daylight as well as night operations, aiding in the avoidance of midair collisions and bird strikes. While in operation, this self contained pulse function reduces load on the electrical system by 50% as compared to incandescent bulbs.

**FEATURES**

- Over 75% more light output than the competition
- Power consumption: 100 watts max
- Color temperature – white
- Built-in pulse mode (-H models)
- Synchronization
- Easy installation
- 30k hr MTBF
- Built-in thermal protection
- Aluminum/black powder coated heat sink
- UV hardcoated polycarbonate lens
