SPECIFICATION SHEET

AEROCANOPY Cast Acrylic Products SPECIFICATION SHEET

ABOUT AEROCANOPY

From the beginning, AeroCanopy has had a vision for excellence. Originally known as "Todd's Canopies", the company became well known for quality optics at affordable prices. An ownership change resulted in vast improvements in the consistency of our product due to improved manufacturing methods. This is also when we changed our name to "AeroCanopy".

Today, AeroCanopy's vision is to advance repeatable excellence, investigate creative ways to reduce costs, simplify the purchasing process and expand our product offering.

Some of the ways we're doing this is by tightening manufacturing tolerances, implementing ways to reduce shipping costs and providing dimensional specs, pricing and purchasing online. We're also creating new pressure forms for popular canopies we don't yet manufacture and are moving into drape formed canopies as well!

	Dimensions (Inches)		
Canopy Model	Width	Length*	Height
Acrosport	21.5	44.825	15
AeroCanard	37.5	92	18.5
Bell 47 Door	36	49.25	3
