Seaton Engineering Corp.  
Attn: Jeff Christensen  
217 W Garden Ct.  
Spokane, WA 99208

**FEDERAL AVIATION ADMINISTRATION - PARTS MANUFACTURER APPROVAL**

In accordance with the provisions of Title 14, Code of Federal Regulations (14 CFR, Part 21, Certification Procedures for Products and Parts, subpart K, the FAA has found the design data, based on STC SA01861SE and SA1800SE submitted with your letter dated September 7, 2017, meet the airworthiness requirements of the regulations applicable to the products on which the parts are to be installed. Additionally, the FAA has determined that Seaton Engineering Corp. has established the fabrication inspection system required by 14 CFR § 21.303(h) at 217 W Garden Ct. Spokane, WA 99208. Accordingly, Parts Manufacturer Approval (PMA) is hereby granted for production of the replacement parts listed in the enclosed Supplement No. 3.

You are reminded that the provisions of 14 CFR, parts 21 and 45, apply to the enclosed PMA Listing-Supplement No. 3. The enclosed supplement should be retained with the original PMA letter as evidence of approval to produce the articles concerned.

Sincerely

A handwritten signature in blue ink, appearing to read "Jim Masciotra".

Jim Masciotra,  
Aviation Safety Inspector  
Seattle MIDO Section

NOTE: The procedures that have been accepted by the type certificate or TSO authorization holder and their cognizant FAA Aircraft Certification Office, for minor changes to original articles used on type-certificated products, are also acceptable for incorporating the same minor changes on identical PMA replacement articles. The PMA holder must be able to show traceability relating to the TC, STC, or TSO authorization holder on all minor changes incorporated by this procedure. When these procedures are no longer applicable because of completion of the production contract, or termination of the licensing agreement or business relationship, all subsequent minor design changes to the PMA parts must be submitted in a manner as determined by the ACO. Major design changes (reference 14 CFR §§ 21.319 and 21.619) to drawings and specifications are to be handled in the same manner as that for an original PMA.
