

# XCOM VOX INTERCOM WIRING DIAGRAM

Version 1 - Issued July 2004 Copyright XCOM Avionics

www.xcom760.com

All wires 22 AWG except power and ground

DB15 FEMALE plug viewed from the rear (wire) side

Notes: Don't cheat on your plane and equipment. Only use Tefzel aircraft quality wire for all harnesses.... It may cost more but the safety and results are worth the extra expense.
