WINDMETERS

WINDBRIBE HANDHELD WIND METER
A precise, handheld wind meter (anemometer). Also measures maximum headwind, maximum tailwind, a five-second average wind, and a running average wind. Speeds can be displayed in both U.S. and metric units, and the unit also records temperature and wind chill. The Windscribe weighs 3.5 ounces and comes with a lanyard. A velcro strap and mounting bracket are included.

P/N 13-04019 $79.99

WIND WIZARD WIND SPEED INDICATOR
A precise, lightweight, hand-held instrument for measuring wind speed. The Wind Wizard can also be used as a wind speed indicator while sailing, or in any environment where wind speed information is needed. The Wind Wizard is compact, durable, and easy to use. It features a 3-1/2 digit, 0.5-inch high bright LED display, automatic zero reset, and automatic power off after one minute of inactivity. The Wind Wizard is water resistant and comes with a lifetime warranty.

P/N 13-02957 $151.99
