

# FLASHLIGHTS

## MAGLITE LED FLASHLIGHTS

MAG-LED™ Technology known for their obsession with precision engineering, craftsmanship and commitment to perfection, was not satisfied with the performance of a "regular" LED as a usable light source. They set their sights on producing a light source that would not only incorporate longer battery life, but would also have the kind of durability, reliability, and performance Maglite®

flashlights are known for. With an emphasis on uncompromising performance, MAG-LED™ Technology is the result of that quest.

## SURE CHECK FUEL LIGHT

Will assist in ensuring your safety every time you strain test your fuel prior to flight. At night, it's safe & easy to use. The Sure Check Fuel Light, when used with your fuel test tube, will light up all the water and debris that might be present. The case is made of durable aluminum, weighs only 2.2 ounces, is 3" long, and uses a 12 volt battery to power a high intensity white LED light build. The casing is sealed with a strong neoprene rubber seal to keep any fuel from leaking into the case. Color: Red. Made in USA. P/N 13-04207.....**\$17.95**

## FLIGHT OUTFITTERS DUAL COLOR LED PILOT FLASHLIGHT

The Pilot Flashlight is designed for one-handed use with two easily accessible push buttons - one for white LED light and one for red LED light. For those inevitable times when a pilot holds their flashlight with their mouth for "hands-free" use, the Pilot Flashlight also has an innovative soft "bite ring" in Flight Outfitters' signature orange color. Rounding out the Pilot Flashlight is a wrist-strap to keep the light close at hand.
