WEATHERCYCLER

WEATHER SYSTEMS CHART
A durable 8 1/2” x 11” slide chart that uniquely displays maps views and vertical cross sections through Highs, Lows, and fronts -- the broad-scale systems and features that dominate our weather. Sky views and changes in temperature and pressure complete the comprehensive chart depictions. By simply pulling the chart insert, the weather systems are put into their typical movements from west to east. Weather changes are shown for your location as the weather systems pass by. Accompanying four-page instruction booklet describes the basic causes of weather and explains step-by-step how to use The WeatherCycler.
P/N 13-29949 .................. $9.99

FULL-COLOR CLOUD CHART
"Clouds: A Guide to the Sky" shows full-color photos of 30 different cloud formations, (with descriptions) and the weather associated with each. 25” x 37” on heavy gage Mylar. A durable reference for pilots and aviators everywhere.
P/N 13-B0126 .................. $19.95

SCENIC FLIGHT MAPS
The Scenic Flight Maps give you many different routes for sightseeing to the major landmarks, famous places in Los Angeles and Orange County or San Diego area. The multiple color graphs and route pointers are really easy to read and follow. The map is laminated to keep from daily tears and protects from liquid spill. On the back side, it shows three columns: Route, Need to Know and Sightseeing sections, to better guide you in your travel without confusion or time lost.
Scenic Flight Maps L.A./O.C. P/N 13-05667 .................. $11.95

AERONAUTICAL CHART USER’S GUIDE
A critical reference tool for any navigator, the ninth edition of the Aeronautical Chart User’s Guide presents the most up-to-date information on charts referring to Visual Flight Rule (VFR) and Instrument Flying Rule (IFR). Number of Pages: 80 Dimensions: 8.5 x 11 x 0.8 in.
P/N 13-11595 .................. $7.95

VFR WALL PLANNING CHART
U.S. VFR Wall Planning Chart is designed for VFR preflight planning and provides aeronautical and topographic information of the conterminous U.S. The aeronautical information includes airports, radio aids to navigation, Class B airspace and special use airspace. The topographic information includes city tint, populated places, principal roads, drainage patterns and shaded relief. This chart, 59x36 inches flat, is updated annually.
P/N 13-11595 .................. $7.95

CANADA FLIGHT SUPPLEMENT IFR CHART
The Canada Flight Supplement is a joint civil/military publication. It contains information on Canadian and North Atlantic aerodromes and is used as a reference for the planning and safe conduct of air operations. Features: • General: Tables, legends and associated information pertinent to interpretation of the supplement. • Aerodrome Directory • Planning • Radio Navigation and Communications • Military: Flight procedures and data, including sections on procedures for flight in the U.S. North Atlantic and Alaska, airground communications and military training routes/areas. • Emergency procedures. • The Canada Flight Supplement, measuring 5 1/4 by 8 1/4 inches, is available in English or a bilingual format. Data for the province of Quebec and the National Capital Region are presented in French in the bilingual edition.
English Version : P/N 13-04424 .................. $17.50
Bilingual Version : P/N 13-04550 .................. $22.95

AIR TRAVELERS MAP
Intended for the airline or business jet passenger, this flight reference map is designed primarily for trip planning and referencing landmarks of the USA while in flight. Packed with useful information on cities, parks, highways, and other points of interest from California to Maine. The folded flight map is printed on durable tear-proof paper and fits perfectly in a seat pocket or briefcase, making it a great gift for the “Frequent Flyer”! Flight Map Measurements: 8 1/2” x 11”. P/N 14-02827 .................. $13.50

TRI GUIDE THE COMPANION TO ELECTRONIC CHART NAVIGATION
Howie Keefe’s Tri Guide is the perfect companion to Electronic Chart Navigation. This guide addresses: • Planning • Diversion • Orientation • Airport & VOR Decode (ID to Name) • Fuel Stop Reservations Numbers and even Hotel & Motel Numbers • For use in U.S. Mainland Airspace
P/N 13-12053 .................. $27.95

SKYNAV AVIATION ATLAS
Getting to air shows on time all around the country requires compact charts that are always up-to-date without a lot of updating hassle. That’s why it was developed that thousands of pilots are enjoying every day.
West Asia P/N 13-08029 .................. $73.95
North Africa P/N 13-08027 .................. $49.95
Central Asia P/N 13-12126 .................. $49.95
Northwest Asia P/N 13-12128 .................. $49.95
Southwest Asia P/N 13-12127 .................. $49.95
Southeast Asia P/N 13-12129 .................. $49.95
Bhutan & Assam P/N 13-12130 .................. $46.95
WAC Digest Aviation Charts P/N 13-15556 .................. $49.95

3-D AERONAUTICAL CHARTS
The precisely molded 3D shape allows pilots to see and feel the terrain shape and clearly understand how it relates to the airspace and flight. Pilots will value referencing this chart for flight planning, training, and as a general conversation piece, whether hung on a wall of an office, hangar, or home. This chart is made with a digital inkjet printing process on a rigid plastic film, which is then molded to a precise terrain model.
Los Angeles P/N 13-09595 .................. $59.75
Southern Sierra Nevada P/N 13-09597 .................. $38.95
San Francisco / Tahoe model P/N 13-09598 .................. $38.95
Glacier Bay, Alaska P/N 13-09598 .................. $38.95
Denver P/N 13-10006 .................. $38.95
Portland P/N 13-11714 .................. $37.95
Seattle P/N 13-11713 .................. $38.95

QUICK REFRESHER CHARTS
These Quick Refresher Charts provide a wealth of useful information that every pilot seems to forget over time. Available to “refresh” the pilot on IFR procedures & regulations, Weather info, VFR procedures & regulations, mountain flying, passenger info (the right seat), flying to Canada, and flying to the Bahamas. These charts are laminated for long life & fit right in your flight bag.
Quick Refresher VFR P/N 13-40416 .................. $6.95
Quick Refresher Weather P/N 13-40416 .................. $6.95
Quick Refresher IFR P/N 13-40516 .................. $6.95
Quick Refresher Mt. Flying P/N 13-00422 .................. $5.95
Quick Refresher The Right Seat P/N 13-00423 .................. $7.85

AVIATOR’S QUICK REFERENCE DESK MAP - US
The same map as the US Flight Case Map, without the folds and a 1 inch border added with latitudes and longitudes. Heavy map paper and laminate. Full map size: 33 1/2” x 23”
P/N 13-05690 .................. $30.95

FOLDED PILOT’S MAP
This map measures 3 feet by 2 feet and is encapsulated on both sides by a rugged 3 mil laminate for durability. The map is extremely detailed and includes hundreds of airports (civil and military), vor’s, rdo’s, terrain features, national parks, cities, time zones, etc. The back of the map has a very detailed AM radio frequency guide for all 50 states, the District of Columbia, Puerto Rico, and the U.S. Virgin Islands. Contains state information including capitals, square mileage, population, and nick names of each state flag. Great for pilots and aviation enthusiasts. Flight plan information, ATC light gun signals, cruising altitudes, and a crosswind component chart included.
Folded Pilot’s Map P/N 13-11247 .................. $18.75
Pilot’s Laminated Wall Map P/N 13-11248 .................. $18.75
