PILOT TRAINING COURSES

PILOT'S RADIO COMMUNICATION GUIDE
This 70-page review guide is designed as a quick reference guide on radio communications training self study guide. This covers VFR & IFR radio communications. Build your confidence by knowing what to say and when. Designed to fit in your flight bag. size: 6in x 9in.
Part No. 13-10222. Price $14.95

GETTING THE MOST OUT OF YOUR FLIGHT TRAINING
This 170-page book is the essential guide to becoming a better pilot, paying the least, getting the most, and finishing as quickly as possible. Includes sections on Becoming a Better Pilot, Ground & Flight Instruction Tips, and Earning Certificates & Ratings. Size 6in x 9in.
Part No. 13-10203. Price $13.95

AVIATION ACRONYMS, CONTRACTIONS, AND MnEMONICS
A complete pilot resource for aviation acronyms and contractions for every sector of aviation. Written by a pilot for pilots, this book provides instant answers to weather reports with confusing codes and aviation material with undefined acronyms. This book has been in constant publication since 2004 and is frequently updated. For free lifetime updates, register your book (instructions included). 90 pages. Size 5” x 8”.
Part No. 13-10204. Price $11.95

VISI-HOLD™ - KNOW INSTANTLY
Holding patterns baffle most pilots. I see a lot of students holding up three fingers to the DG and mumbling knowingly. This completes your checklist, so you can quickly figure out your holding entry. Works with standard holds and non-standard holds (left turns). The Visi-Hold™ package comes complete with Visi-Hold template, directions, and two articles on holds: All About Holding and Holding Simplified. P/N 13-10206. Price $9.95

PILOT'S RULE OF THUMB - ULTIMATE VFR / IFR CHECKLIST
The ultimate checklist that every pilot needs. Ten years in development, it is a product that pilots of all levels of experience can immediately use. This tool covers 30 normal and non-normal situations and has 9 special tools that you’ll use on every flight. This high-quality plastic rulers/checking guide or radio communications training self study guide. This covers VFR & IFR radio communications. Build your confidence by knowing what to say and when. Designed to fit in your flight bag. size: 6in x 9in.
Part No. 13-10208. Price $14.85

VISI-PLOTTERTM FLIGHT PLANNING PLOTTER
This is the only VFR plotter invented by a CFI for pilots. It includes innovative features that provides temperature conversion, flight planning scratch pad area, and a no-mistakes course protractor that even beginners won’t be confused by. It provides scales for sectional & WAC charts, and it even has inches & MM measurements.
Part No. 13-10208. Price $14.85

GUARANTEED PASS - HELICOPTER FLASH CARDS
This package includes 240 easy to read, soft yellow cards – not flimsy paper – which will help you pass your FAA written and oral (checkride) helicopter exams. Card size approximately: 4.25” x 2.75” – a stack of cards approximately 2in high.
Part No. 13-10209. Price $24.85

PRACTICAL TEST STANDARDS: SPORT PILOT
FAA S 8081-29 & 8081-31 combined. This book includes the combined airplane, weight shift, powered parachute, and flight instructor. The Practical Test Standards are used by instructors, students, and examiners to prepare for, review, take, or issue the checkride. Each PTS is written by the FAA and details the type and levels of skill and knowledge that must be demonstrated before an examiner can issue a certificate or rating to an applicant, and describes background study and reference materials. This PTS includes both the FAA-S-8081-29 for Airplane and FAA-S-8081-31 for Weight-Shift Control and Powered Parachute (effective December 2004), applicable to both Sport Pilots and Sport Instructors. Includes Change 1 (effective June 2006) and Change 2 (effective February 2008).

Private Pilot Flight Maneuvers
The purpose of this manual is to help in the explanation, visualization and execution of the flight maneuvers required for the Private Pilot Practical Flight Test. Students preparing for their oral and flight test will find this manual helpful. Any pilot preparing for a Biennial Flight Review (BFR), can use this manual as a refresher on maneuvers that you may not have executed in quite some time. Flight Instructor applicants and Certified Flight Instructors will find this manual a beneficial teaching aid.

The manual breaks down each maneuver required on the Private Practical Test in six parts: FAA objective for the maneuver, FAA completion standards. General description of the maneuver. Detailed step by step textual description on how to execute the maneuver as recommended by the FAA. References to FAA publications where the information was compiled from. Detailed graphic profiles summarizing the procedure in a visual format. Also included are airspeeds, pitch altitudes, bank angles, power settings and configurations for a Cessna 172P plus room to add the same information for up to three additional aircraft.

Table of Contents
Description Part No. Price
PTS Sport Pilot E-Book 13-09869 $6.95
PTS Commercial Pilot Manual 13-09922 $9.65
PTS Commercial Pilot E-book 13-09866 $9.95
