CALENDARS – FLIGHT TRAINING

GHOSTS 2018 CALENDARS

Renowned aviation photographer Philip Makanna has captured the essence of this era in his GHOSTS of The Great War and A Time Remembered, a large-format calendar that features his stunning, air-to-air, color photographs.

In this edition, his images depict the beginnings of military aviation. The calendar continues through to the advanced aircraft that appeared at the war’s end. Stunning images and an evocative day-by-day history of the aviation (and related) events of the period combine to describe the beauty, the romance and the tragedy of military aviation’s early days.
