3M™ AC-251 B-2 3.5 OZ - CANOPY / WINDSHIELD SEALANT
A two-part, polysulfide based polymer and wind-
shield sealant. Formulated for sealing acrylic, glass, and
polycarbonate aircraft canopies and windshields. Contains no
solvent and do not craze. Excellent adhesion and resistance
to UV and weather exposure. 3.5oz Fill Premixed Syringe. A
thixotropic, non-sag consistency. ..........P/N 09-04008...........$59.75

3M™ AEROSPACE SEALANT AC-350
A fast cure, intermediate density polysulfide sealant suitable
for fuel tank and fuselage applications. Maintain flexibil-
ity and bond strength on most metal substrates such as: aluminum,
titanium, stainless steel, glass, and many coatings under
extremes of temperature, weathering and stress.
B-2 3.5oz..........P/N 09-04009............ $37.50

3M™ AC-240 CLASS B FUEL TANK AND
FUSELAGE SEALANT
A two-part, polysulfide based product for use as a quick cure
sealant for integral fuel tanks and fuselages. A thixotropic non-
sag consistency and can be readily applied with a spatula or
exposure or vacuum surface. It will cure to a fuel-resistant
rubber at temperature above 20°F (12°C) and exhibits
excellent tooling properties with very low shrinkage. A two-part,
manganese dioxide cured polysulfide compound. The uncured material is suitable for application
by brush in thickness up to 25 mils. It cures at room temperature to form
a resilient sealant having excellent adhesion to common aircraft substrates.
6oz. Kit ..............P/N 09-04444...........$56.75

CHEMSEAL TANK SEALANT C3204
CS3204 is a fuel resistant sealant for use on integral fuel tanks and
fuels both jet fuel and aviation gas, and will resist limited contact to diphosphate
chemicals and numerous other materials.

TRIGGER TYPE SEALANT GUNS
This air-powered, trigger controlled sealant gun will
spread sealant smoothly, uniformly and exactly where you
want it, without smears body, 10 ft. hose, and 2 1/2 oz.
oriented corrosion resistant retainer to prevent car-
tridge split. Hose has Hanson-style air fitting. Gun
with 2.5 oz. Retainer........P/N 12-02921.............$112.85
Gun with 6 oz. Retainer........P/N 12-02922.............$112.85

PISTOL GRIP SEALANT GUNS
Use the pneumatic pistol grip sealant gun to apply smooth,
uniform material exactly where you want it. Comes with body,
10 ft. hose, and 2 1/2 oz. zinc-plated corrosion resistant re-
tainer. Hanson-style air fitting on hose.
Gun with 2.5 oz. Retainer........P/N 02-02930.............$67.25
Gun with 6 oz. Retainer........P/N 02-02931.............$112.85

WINDSHIELD SEALANT

PRO-SEAL FUEL TANK SEALANT
PS 890 CLASS B2
-A filling compound for sealing integral fuel tanks and pressurized cabins. It was especially developed
for use over a temperature range of -65°F to +275°F and provides
outstanding resistance to aircraft fuels (aviation gasoline
jet fuel) and petroleum based lubricating oils. Cures at room
temperature and without shrinkage to form a resilient sealant
possessing excellent adhesion to aluminum, magnesium, titanium, steel
and numerous other materials.

PRO-SEAL HAND-DISPENSING GUN
A hand-operated dispensing gun is ideal for apply-
ing Pro-Seal type sealants in small quantities normally
used by the home builder. Available in two sizes for the
two sizes of Pro-Seal offered above.
2-1/2 oz. Dispensing Gun........P/N 09-38520.............$124.50/ea.
6 oz. Dispensing Gun...........P/N 09-38530.............$129.95/ea.

PRO SEAL AIR POWERED TS950
The Air Powered Sealant gun includes: Techcon
TS950 Sealant Gun with Pistol Grip Handle 2.5 oz.
Versatile, pneumatic 2.5 oz. Fuel Tank Sealing Applicator
system with pistol grip handle. Techcon Extended
Wiper Plunger (1 piece per kit) Techcon 2.5 Oz. Standard Density
Disposible Cartridge (1 piece per kit) Opaque White
Air Powered 2.5 Ounce Gun Kit........P/N 09-38540.............$597.00
Extended Wiper Plunger (Sold Each) ........P/N 09-00758.............$0.75
2.5 oz. Standard Density Disposable Cartridge....P/N 09-00759.............$0.65

PRO SEAL AIR POWERED
TS950-60-HA 6.0 OZ GUN KIT
This 6.0 oz Pro Seal Gun Kit includes: Techcon Gun
Pistol Grip Assembly TS950-60-HA 6oz. Techcon Extended
Wiper Plunger (1 piece) Techcon 6 oz. Standard Density
Disposable Cartridge. Techcon TS950 10ft. Hose Assembly,
Air Powered 6.0 Ounce Gun Kit........P/N 09-38550.............$597.00
Air Powered 6.0 Ounce Gun Only........P/N 09-38552.............$755.00
Extended Wiper Plunger (Sold Each) ........P/N 09-00758.............$0.75
6 oz. Standard Density Disposable Cartridge....P/N 09-00759.............$0.65
Techcon TS950 10ft. Hose Assembly........P/N 09-2416.............$135.80

The application life of each sealant is specified by the dash number in the part number.
Examples: AC-236 B-2 6oz. is 2 hour life. AC-239 B-1/6 oz. is 1/6 hour life.
