CLEANERS – AEROKROIL - DEGREASERS

EZCLEAR ALL-SPRAY DETAILERS

The All-Spray Detailer packages All-Spray cleaner and a disposable Microfiber Towel into a portable Wet/Dry combo pack. This on-the-go Detailer is designed for a quick, single-time aircraft window cleaning application. Slow these window detailers in the back of the aircraft or in the glove box. The Detailer measures 3.25" x 4.5" when folded in half. A package of 10 makes a great gift.

EZCLEAR INSTRUMENT PANEL CLEAN KIT

This product meets Garmin G1000 Pilot Guide specs for cleaning and is safe to use on glass panels. EZCLEAR Instrument Cleaning provides a safe, effective way to remove fingerprints and dust from glass panels, instruments and more. The kit contains three EZCLEAR Cleaners and one Polishing Cloth; these items have been specifically paired together to ensure safe and effective screen cleaning. Per the instructions, the user wipes the surface with the Cleaning Pack and then dries the area with the Polishing Cloth. The Cleaning Packs are ammonia free, aviation-grade and will not remove or damage any anti-reflective coating. The Polishing Cloth is washable. This kit will last between 3-4 months depending upon frequency of use.
P/N 09-02394.............................$18.50

EZCLEAR WINDOW POLISH KIT

Complete kit solution. Used to restore aviation grade acrylic transparent surfaces such as an acrylic aircraft window, transparency, navigational or landing light lens. Removes major (heavy haze or scratches) or minor damage and restores clarity to 99.7%. Leaves clear, distortion free finish. Enough for 1-3 applications (4 sq ft), depending upon damage. Re-stockable EZCLEAR replenishment products available.
P/N 09-03694.............................$314.00

Repair Pack Contents: 1 - Major Restoration Polish/Disc (10CC + 5" White Disc) 1 - Finishing Restoration Polish/Pad (2 FL OZ + 5" Red Pad) 1 - Preparation Spray (16 FL OZ + Trigger Sprayer) 1 - 110V Dewalt Heavy Duty Polisher (includes handle) 1 - EZCLEAR Backing Plate (5") 1 - EZCLEAR Microfiber Towels (10 towels/pack)

RID ODOR SPORT

Rid Odor Sport is a product that nearly every owner of a Single Engine/Multi Engine both pressurized and non-pressurized need! Why? Because there are two things that nearly every aircraft owner fights, whether they hang their aircraft or tied down. Moisture and Bacteria are the two major reasons why cabin spaces have terrific problems with Odors. Rid Odor Sport is chemically engineered and designed to be attracted to ALL Malodor molecules and the reasons for them being there. What is organic is surrounded by atoms. All atoms have one thing singularly in common and that is that they are oriented with a electric bond. Odor Sport is designed so that the molecule inside our formula is constructed with a negative (-) charged molecule. When Rid Odor Sport is pump sprayed into the vicinity of all the Malodor Molecules (+), the Odor Sport Molecules (-) are attracted and drawn in by Malodor molecules. Once they collide, the Sports molecule bonds to the malodor and destroys the malodor molecule. The kit contains three EZCLEAR Cleaning Packs and one Polishing Cloth; these items have been specifically paired together to ensure safe and effective screen cleaning. Per the instructions, the user wipes the surface with the Cleaning Pack and then dries the area with the Polishing Cloth. The Cleaning Packs are ammonia free, aviation-grade and will not remove or damage any anti-reflective coating. The Polishing Cloth is washable. This kit will last between 3-4 months depending upon frequency of use.

PTI ANTI-SEIZE COMPOUND

PTI’s Anti-seize Compound is a silicone base grease with a high pigmentation of micro fine molybdenum disulfide. It is heat stable and will not decompose or form a gum deposit. It is effective under light or medium bearing loads on steel to bronze, metal, babbit, zinc, nylon, Teflon or hard-anodized aluminum surfaces. Normally it is suitable for operating temperatures of -65 F to + 1000 F.
