**LPS PRODUCTS**

**LPS® PRESOLVE® ORANGE DEGREASER**
- High performance industrial cleaner that cleans on contact
- Ideal for removing grease, tar, oil & adhesives
- Fast acting, deep penetration
- Natural based
- Does not contain chlorinated solvents
- Flash point above 100°F (38°C)
- Non-conductive
- Low residue
- Safe on all metals and most plastics
- Inverta Spray Valve allows user to spray in an upright or inverted position
- NSF® C1 registered
- #059845: (aerosol)
- #059846: (bulk)
- Canadian Food Inspection Agency (CFIA) approved
- 15 oz. (425g) – aerosol
- 5 gal. (18.93l)

**P/N 09-02119**

$15.50
5 gal. P/N 09-00360
$398.00

**LPS® ZEROTRI® HEAVY-DUTY DEGREASER**
- Penetrating action instantly removes oil, grease, wax, dirt, moisture, tar and other contaminants
- Removes conformal coatings
- No ozone depleting chemicals
- Fast evaporating
- Safe to use on most surfaces
- Does not contain chlorinated solvents
- No rinsing, no residue
- Inverta Spray Valve allows user to spray in an upright or inverted position
- NSF® C1 registered
- #059845: (aerosol)
- #059846: (bulk)
- Canadian Food Inspection Agency (CFIA) approved
- 15 oz. spray
- 5 gal. P/N 09-26470
- 5 Gal. P/N 09-00360

$L18.75$ $59$ $398.00$

**LPS® U-10 BRAKE CLEANER**
- Low VOC (Volatile Organic Compounds) content
- Complies with CARB (California Air Resources Board) requirements for ozone depleting chemicals
- Non-flammable, non-corrosive, non-toxic
- Harmless to Anti-freeze and coolants
- Penetrating action removes oil, grease, dirt, and other foreign materials from precision mechanical and delicate electrical/electronic parts
- Does not contain any chlorinated solvents
- Quick penetration. Safe on plastics. No residue.
- Ideal for electronic and fine parts
- Does not contain any chlorinated solvents
- Removes dirt, dust, flux and other contaminants
- NSF® registered category code C1: Registration #142149. Inverta Spray Valve lets you spray in an upright or inverted position

P/N 09-02119

$9.95

**LPS ELECTRO 140 CONTACT CLEANER**
- Electro 140 Contact Cleaner is the high flash point, fast penetrating, non-residue cleaner alternative to CFCs for fine parts
- The Electro 140 Contact Cleaner flash point is above 140°, making it safer to use in areas where flammability may be a concern. It is free of any known stratospheric ozone depleting substances - like CFCs, HCFCs, and 1,1,1-trichloroethane. Electro 140 has a low odor & is effective for flame removal and immersion cleaning.
- 11 oz. Aerosol
- P/N 09-26465
- P/N 09-26412

$14.50$ $29.90$

**LPS NO FLASH ELECTRO CONTACT CLEANER**
- NoFlash is a vapor free solvent cleaner alternative to CFC’s that’s safe to use on most surfaces. It’s nonconductive and nonflammable, so it can be used while equipment is in operation to avoid costly downtime.
- NoFlash Electro Contact Cleaner penetrates and evaporates quickly, dissolving oil, grease, dirt and other materials from precision mechanical and delicate electrical/electronic parts leaving no residue.
- Quick penetration. Does not contain any chlorinated solvents
- No residue
- Fast drying. Safe on metal and plastics. Inverta Spray Valve lets you spray in upright or inverted position.
- Value Performance: P/N 09-00151

$11.85$

**LPS MICRO-X CONTACT CLEANER**
- Reduced VOC (Volatile Organic Compounds). Conforms to CARB (California Air Resources Board) requirements for VOC emissions. Fast evaporating. Ideal for electronic and fine parts.
- Cleans and degreases delicate precision mechanisms.
- Safe on plastics.
- Penetrating action removes oil, grease, dirt, flux and other contaminants.
- Does not contain chlorinated solvents.
- No residue
- P/N 09-20405

$16.95$

**FAST DRYING GRAPHITE SPRAY 50605**
- Lubricates and protects - MCKAY Graphite Spray lubricates and leaves a fast drying graphite film on all automotive, marine and industrial parts before and after assembly.
- Leaves a dark metal-like finish that adds a high quality look to all repair work.
- Prevents rust, corrosion and shelf deterioration.
- Non-abrasive, non-flammable, non-corrosive, non-toxic.
- Harmless to Anti-freeze and coolants.
- 12 Oz. Spray
- P/N 09-25600

$4.90$

**SHERLOCK LEAK DETECTOR FLUID**
- Neutral solutions formulated for leak-testing lines, cylinders and tanks carrying pure oxygen, but also used widely for testing fuel tanks, pneumatic systems - in fact any product system that can be leak-tested with air or gas pressure.
- Contains no oil, grease or any other ingredient that could combine with pure oxygen to form either a flammable or explosive mixture.
- Thoroughly tested and approved by both governmental and commercial laboratories.
- 8oz. bottle
- P/N 09-12291

$6.75$

**LPS ELECTRA-X CONTACT CLEANER**
- A non-flammable cleaner/degreaser that removes oil, grease, dirt and other foreign materials from precision mechanical and delicate electronic/electronic parts.
- Fast evaporating. No flash point. No rinsing.
- P/N 09-00153

$20.95$

**LPS ELECTRA-X CONTACT CLEANER**
- Conforms to the VOC regulations of CARB, OTC, and LADCO.
- Quick penetration. Safe on plastics. No residue.
- Ideal for electronic and fine parts.
- Does not contain any chlorinated solvents.
- Removes dirt, dust, flux and other contaminants.
- NSF Nonfood Compounds Program Listed Category Code: K2 Registration #142149. Inverta Spray Valve allows you to spray in an upright or inverted position.
- 11oz aerosol

P/N 09-02563

$13.50$

**GREENWASH**
- Modern, environmentally safe cleaning technology that removes dirt, grime, oil, adhesives, and other materials from precision mechanical and electronic parts.
- Quick evaporation. Safe to use on most surfaces.
- Does not contain any chlorinated solvents.
- Fast evaporating.
- Ideal for electronic and fine parts.
- Reduces VOC emissions.
- Complies with CARB (California Air Resources Board) requirements for VOC emissions. Fast evaporating. Ideal for electronic and fine parts.
- Cleans and degreases delicate precision mechanisms.
- Safe on plastics.
- Penetrating action removes oil, grease, dirt, flux and other contaminants.
- Does not contain chlorinated solvents.
- No residue
- P/N 09-20405

$16.95$

**LPS STRONG STEEL STICKS**
- Easy-to-use hand-held stick for immediate repairs to steel equipment and surfaces.
- Ideal for stopping leaks, even works on underwater applications.
- Permanently fills gaps and holes in metal, concrete, wood, fiberglass, and ceramics.
- Has a working time of 4 minutes, and will fully cure in 30 minutes to form a durable mass with a tooling hardness of 25° Shore A.
- Can be used for many types of repairs, such as plumbing, electrical, ceramic, vehicle, equipment, and machinery.
- It is ideal for patching holes and cracks in pipes, drums, and tanks.
- 4 oz. stick
- P/N 09-26444

$10.85$

**LPS MICRO-X NU FAST EVAPORATING CONTACT CLEANER**
- Conforms to the VOC regulations of CARB, OTC, and LADCO.
- Quick penetration. Safe on plastics. No residue.
- Ideal for electronic and fine parts.
- Does not contain any chlorinated solvents.
- Removes dirt, dust, flux and other contaminants.
- NSF Nonfood Compounds Program Listed Category Code: K2 Registration #142149. Inverta Spray Valve allows you to spray in an upright or inverted position.
- 11oz aerosol

P/N 09-02563

$13.50$

**LPS G-49 ORANGE DEGREASER LOW VOC’S**
- Reduced VOCs. Instant cleaning action, no residue.
- Excellent for removing grime, grease, oil, and dirt.
- Strong industrial strength.
- Moderate evaporation.
- Excellent alternative to Methyl Ethyl Ketone (MEK).
- Ideal for cleaning equipment.
- Not a Hazardous Air Pollutant (HAP).
- No ozone depleting chemicals - like CFCs, HCFCs, and 1,1,1-trichloroethane.
- Electro 140 has a low odor & is effective for flame removal and immersion cleaning.
- 11 oz. Aerosol
- P/N 09-02372

$15.50$

**LPS TAPMATIC #1 GOLD**
- Tapmatic! Gold Cutting Fluid is excellent tapping applications on all metals, including aluminum. It increases tool life while improving surface finish.
- #1 Gold does not contain chlorinated solvents, paraffins, water, or inactive fillers.
- Meets Boeing BAC 508 Boeing 74899.

P/N 09-00159

$13.70$

**LPS PRECISION CLEAN**
- A multi-purpose concentrated cleaner/degreaser precisely formulated for industry; removes stubborn soils, greases, oils, sludge, and soot.
- Features: • VOC compliant in all 50 states • Super industrial strength, removes tough stains and soils • Does not contain butyl, chlorinated or petroleum solvents, bleach, ammonia, or abrasives • Alkaline formula inhibits flash rusting • Rings clean • Safe on all surfaces except magnesium • Nonfood Compounds Program Listed Category Code: C1 Registration #059854(Bulk), 5 gallon

P/N 09-04278

$163.95$

**LPS DRY FILM PTFE LUBRICANT**
- Dry Film PTFE is a high performance dry lubricant with strong bonding PTFE that is excellent for severe temperature and pressure applications. It is also a paintable mold release.
