## GARMIN D2 BRAVO GPS AVIATION WATCH

The Garmin D2 Bravo incorporates Garmin's signature direct-to and nearest airport navigation features complete with a worldwide aviation navigation database. New and exclusive benefits such as altitude alerts including preset alerts for altitudes requiring supplemental oxygen, as well as easy access to current aviation weather information, set D2 Bravo apart from other pilot watches on the market. In addition to in-flight functionality, D2 Bravo incorporates versatile activity tracking features and multi-sport functions while supporting Smartphone connectivity. With uncompromising details such as a stainless steel bezel and domed sapphire lens, D2 Bravo

combines GPS and wearable technology that Garmin is known for and offers a sophisticated new form factor suitable for pilots and aviation enthusiasts alike.

Garmin D2 Bravo Aviation Watch	P/N 10-05888	\$549.00
D2 Bravo Charging Clip	P/N 11-14405	\$24.99
Leather Replacement Band - Black	P/N 11-14409	\$59.99
Leather Replacement Band - Brown	P/N 10-05889	\$59.99

## GARMIN D2 BRAVO PILOT WATCH TITANIUM EDITION

Garmin is pleased to introduce D2 Bravo Titanium, an addition to the popular D2™ family of pilot watches. D2 Bravo Titanium is a premium aviation GPS smartwatch that combines contemporary design with sophisticated connectivity to bring pilots and aviation enthusiasts an elite aviator watch. With uncompromising details such as a hybrid titanium band and gunmetal bezel, sapphire lens and high-resolution color display, D2 Bravo Titanium combines the GPS wearable technology Garmin is known for with a sleek form factor suitable for activities both inside and outside of the cockpit. It also boasts

new multisport activity profiles like golf and advanced fitness training, as well as the addition of Garmin Elevate™ wrist-based heart rate technology, allowing customers to measure heart rate 24/7. Additional features on D2 Bravo Titanium are also available to existing D2 Bravo customers via a free software upgrade, including the display of Terminal Aerodrome Forecasts (TAFs), integration of an automatic logbook and a customizable aviation watch face that allows customers to input the tail number of their aircraft. P/N 11-14403.....\$849.00

## GARMIN D2 CHARLIE PILOT WATCH

The D2 Charlie aviator watch is an elegant and functional timepiece that boasts global navigation information, rich and colorful moving maps and a host of connectivity options. Designed with pilots, aviation enthusiasts and aspiring pilots in mind, the D2 Charlie aviator watch features high-resolution mapping, real-time worldwide weather radar as well as airport information that includes frequencies, runway information, METAR data and more. Garmin Elevate™ wrist heart rate technology also allows customers to measure heart rate 24/7 alongside daily activity tracking. Available with leather and silicone bands or in a titanium edition featuring titanium

and silicone bands, D2 Charlie can easily adapt in seconds using these QuickFit™ bands for use in the cockpit, on the golf course or in the boardroom.

Titanium	P/N 11-15323	\$999.00
Leather	P/N 11-15320	\$799.00

## GARMIN GPS TRADE-IN / TRADE-UP PROGRAM

Trade-in only applies towards a purchase of a new Garmin unit listed below (one unit per trade-in). Trade-in must be complete, having all accessories, and the unit must be in good cosmetic and working condition. Any unit not meeting this requirement can receive a lesser trade-in value or have the unit returned.

1. Purchase a new GPSMAP 695, 696, or Aera 500, 510, 550, 560.
2. At the time of order, our sales representatives will give you your customer number and order number to use when sending in your trade-in unit.
3. Once you receive your new Garmin unit, please call our customer service number at 800-861-3192 and reference your customer number and order number to receive an RMA to ship your trade-in to Aircraft Spruce and Specialty.
4. After we receive your trade-in, we will verify that the unit is complete and in good cosmetic and working condition. Once verified we will credit you the trade-in value. **Units with missing accessories will add delay to the credit process. Please note that Garmin does not repair the GXM 40 antenna, so all XM GPS units must be working or may be returned to customer.**

GDL 39	\$250.00
GPSMAP 496	\$900.00
GPSMAP 495	\$750.00
GPSMAP 396	\$650.00
GPSMAP 296	\$500.00
GPSMAP 196	\$200.00
GPSMAP 696	\$1,100.00
GPSMAP 695	\$900.00
aera 560	\$1,075.00
aera 550	\$725.00
aera 510	\$600.00
aera 500	\$350.00

\*Verify current trade-in values at time of order by calling 877-477-7823 or email us at [info@aircraftspruce.com](mailto:info@aircraftspruce.com). We will beat any other supplier's price on any unit. Aircraft Spruce no longer accept the Pilot III, 90 Series, 195, 196, 295, 296, 396, 495 or 496 for trade.
