COMTRONICS ULTRA-COM II INTERCOM
Comtronics has acquired the Two-place portable intercom was designed for pilot/copilot communication in high noise environments. Separate volume controls are adjustable by either the pilot or passenger to meet individual hearing needs. This intercom can be used as an intercom only or a complete package with the addition of a single transceiver using a matching Comtronics radio interface cable with push-to-talk switch. The ULTRA-COM II integrates directly with all Comtronics headsets and helmets providing air-to-air and air-to-ground communication. This intercom includes a 3-foot adapter cord connecting to various external inputs such as a radio interface cable with push-to-talk switch for a single transceiver. P/N 11-27240 $115.95

PS ENGINEERING PM 1000II 4 PLACE MONO PANEL MOUNT INTERCOMS
PS Engineering’s renowned voice activated intercom (VOX) eliminates clipped words and shuffling. Other features include individual volume and squelch controls for the pilot and copilot. Music can be added to the intercom for in-flight entertainment. Automatic muting when the intercom is active, or intercom and radio (PM 1000II-series) ensures uninterrupted communications. PS Engineering’s “SoftMute” gradually returns the music to the original level when conversation stops. PM 1000 is an effective 2-place intercom, with individual volume and squelch controls, while the 4-place PM 1000II adds a transmit indicator lamp, and music muting during radio traffic. The PM 1000II, 11-11922, has pilot isolate mode that allows the pilot to concentrate on flying, while the passengers enjoy music and conversation. The PM 1000II with CREW mode (P/N 11-11920) allows for separate intercom for the pilot and copilot positions, as well as separate music sources for front and back. On all PS Engineering intercoms the wire harness must be done by PS Engineering or a PS Engineering dealer or warranty is void. For a quote on 11-11922 PM 1000II with out crew wire harness , on 11-11920 PM 1000II with crew wire harness, or on 11-02553 please call 800-826-3160. Warranty: 1 year. XCOM INTERCOM
Digitally controlled, intercom system suitable for nearly every 2 or 4 place aircraft. Features a full VOX (Voice Activated) intercom with second ability, music input with muting and the ability to use different branded headsets without compatibility issues. Successfully mated to the leading handsets as well as panel-mounted Icom, Narco, King and the like. Measuring only 2-1/8 x 1 x 3-7/8” or (53 x 24 x 100mm) and with a panel size of only 1 x 2.1/8 (63 x 24mm), it’s one of the smallest and lightest intercoms in the world and only draws 60 ma (at 14 V) during operation. Mount horizontally or vertically. No voice clipping occurs. Monitors and reduces background noise when the voice circuit is open. One simple DB15 connector is all that is needed, RS-232 port for future software updates. 2 com inputs cater for a primary airband com and a secondary VHF or Marine band transceiver. Additional input for CD player, FM Radio or MP3 player is available with auto muting to enable seamless communication in the cockpit. Voltage: 10-30 VDC. 2 yr warranty. P/N 11-02207 ..........$447.00
