INTERCOMS

SIGTRONICS MINIATURE PANEL-MOUNTED INTERCOMS
Measuring only 1" x 2-1/2" x 4" deep, only 4.5 oz, the SPA-400 and 6-place SPA-600 are FAA TSO'd and can be mounted either horizontally or vertically. Also available in special "HIGH-NOISE" model SPA-400N for ultra-light aircraft, kit aircraft and warbirds. The series allows you to put "push-to-talk" buttons in the aircraft to eliminate VOX mode when desired. This is especially good for open-cockpits where wind noise can be a problem. The SPA-400N simulates side-tone because some radios that are currently used in these markets do not have it. The SAS-440 and SAS-640 intercoms feature Sigtronics' exclusive "Auto-Squelch". One touch of the squelch button and the intercom perfectly sets the squelch level to your headset and the aircraft noise level. All Sigtronics intercoms are voice-activated with a 5-year warranty and operate on any voltage from 12V to 24V. Made in USA.

2 Thru 4 Way (Standard SPA-400) ...P/N 11-02791 .............$199.95
2 Thru 4 Way (High Noise SPA-400N) ...P/N 11-02792 ............$219.95
6 Way (Standard SPA-600) ...P/N 11-02801 .............$235.00
6 Way (High Noise SPA-600N) ...P/N 11-02802 ............$259.95
6 Way (Auto Squelch) SAS-440 ...P/N 11-02804 ............$299.95
6 Way (Auto Squelch) SAS-640 ...P/N 11-02816 ............$334.95

Retract stereo switcher—use with previously installed SPA-400 intercom -RES-401 ...P/N 11-02796 .............$119.95

SIGTRONICS PA-4S STEREO INTERCOM
The PA-4S is a 2 or 4 place voice activated intercom with inputs for stereo music. It is a small, compact system that allows it to fit in space critical panels. The PA-4S uses the industry standard Sigtronics squelch, fast on slow off for hands free communication. The music will mute during ATC communication and partial mute during intercom communication. Each intercom comes complete with all necessary mounting hardware, jacks, and two 4-foot pre-wired harnesses. The SPA-4S only requires 1" x 2.5" of panel space, mounts horizontal or vertically, is 4" deep, and weighs 5.5 oz. The SPA-4S intercom can easily upgrade the SPA-400. The SPA-4S uses the same panel hole pattern and interface cable as the SPA-400. A second cable is provided for the music inputs and headphone outputs. The SPA-4SN is available for the high noise amateur built aircraft. As with all of Sigtronics products, the SPA-4S is RFI and EMI immune. Power: 11-32 VDC.

Standard SPA-4S ...P/N 11-00567 .............$306.00
High Noise SPA-4SN ...P/N 11-00568 .............$289.95
