

# LIGHTSPEED ANR HEADSETS

## EVERY LIGHTSPEED HEADSET COMES WITH A LONG LIST OF INNOVATIONS:

**Finely tuned ANR** — Streaming Quiet™ ANR has firmly established Lightspeed as the leader in noise reduction technology, but every Lightspeed headset incorporates finely tuned ANR for exceptional quieting.

**Full Bluetooth® integration** — Every Lightspeed headset delivers excellent wireless call clarity, music fidelity, and access to critical audio alerts from aviation apps on mobile devices.

**Engineered for comfort** — All Lightspeed headsets feature comfort-designed headbands and plush ear seals with larger openings, 20% more surface area, and up to 50% more space inside the ear cup than our closest competitor. The result is superior distribution of weight and side pressure for maximum comfort.

**FlightLink compatibility** — Lightspeed's free, proprietary app turns your iPad® or iPhone® into an in-cockpit recorder, seamlessly capturing incoming and outgoing communications for instant playback or later retrieval.

**ComPriority™** — Never miss important radio communications with patented ComPriority, which lowers the volume of any auxiliary device automatically during radio or intercom transmissions.

**Auto Shutoff™** — Saves battery life by automatically shutting down the headset power when not in use.  
5-Year Lightspeed warranty.

## LIGHTSPEED ZULU 3

*The most comfortable, most durable headset Lightspeed has ever made.*

### More comfortable

Performance ear seals are tapered to provide a more natural fit, for greater comfort and stability. Plush ear seals provide 20% more surface area than competitors, for a better seal around glasses frames and a more comfortable distribution of side pressure. Larger cup cavity provides 50% more space for your ears, allowing the entire ear to fit comfortably inside

### More durable

Rugged cables built around a Kevlar core deliver more strength and flexibility. Nearly 100% of the headset is made from stainless steel and magnesium. Magnesium ear cups are both strong and light.

### More clarity

The Dual Aperture Disc™ microphone provides greater noise cancellation. Exclusive, user-adjustable mic gain helps balance loud and soft voices in a multi-headset environment. Front Row Center™ (FRC), stereo cross-feed technology, and redesigned speakers deliver crisp, rich audio and unparalleled music clarity.

Bluetooth Dual GA Plugs ..... P/N 11-14868 ..... **\$850.00**

## NEW! LIGHTSPEED TANGO® WIRELESS ANR HEADSET

The first premium wireless aviation headset, Tango blends outstanding noise cancellation, renowned Lightspeed comfort, and cable-free convenience.

**Lightspeed Link™** — Not Bluetooth or WiFi, Lightspeed Link incorporates existing technologies chosen for both signal reliability and audio quality for the aviation environment.

**21st century power** — Tango is the first aviation headset powered by rechargeable lithium ion batteries, which can be charged using the included dual-port wall charger, charged while the headset is in use or easily replaced on the go.

**Built-in redundancy** — A backup cable is instantly available for uninterrupted communication, in the event of battery depletion.

Included: Custom molded carrying case, cellphone/music patch cord, cord clip, two lithium ion batteries (only one included with LEMO panel power headsets), two charging cables, dual-port wall charger.

Weight: 18 oz.

## LIGHTSPEED ZULU PFX®

The winner of the 2014 Flying magazine Editors' Choice Award, Zulu PFX is quietest aviation headset available and creates a personalized flying experience by actively conforming to your ears, your environment, and your preferences.

Acoustic response mapping measures your unique auditory landscape, optimizing the audio response for your ear shape and size.

Streaming Quiet™ ANR continuously adapts to your environment, extending the amount and frequency range of noise cancellation.

Personal preferences can be set using the enhanced capabilities in FlightLink, Lightspeed's free app.

**Upgradeable firmware** — With updates a download away, Zulu PFX can evolve with new software innovations.

Included: Custom molded carrying case, cellphone/music patch cord, USB cord, steel CPU clip, cord clip, four AA batteries.

Weight: 13.9 oz.
