TELEX HEADPHONES

TELEX ECHelon 20 AVIATION HEADSET

Designed for students, new pilots, and value-conscious experienced flyers. Offers comfort, excellent hearing protection and value. Provides an impressive 25+ dB of passive noise protection and a top-quality noise-cancelling electret microphone. A low-profile headband for even weight distribution plus patented ComfortCamo™ technology, a three-point tension adjustment system for a custom fit. Special earpieces with foam ear-seals pivot two ways to conform to any wearer while detent sliders adjust the headband.

P/N 11-04563 ......... $335.00

TELEX ECHelon 25XT HEADSET

Includes Telex’s innovative cell phone/MP3 adapter that allows you to attach both your cell phone and MP3 player at the same time. Features a plush, thick foam headband pad and newly designed, more comfortable ear cushions. Individual volume controls for each ear cup and a stereo/mono select switch. Impact-Resistant Headband Design. Flight Bag. Weight: 13.6 oz/386 grams

P/N 11-04569 ..... $184.00

TELEX STRATUS 30 HEADSET

Combines superior ANR protection, a noise-canceling electret microphone, and fully adjustable boom. Includes Telex’s patented ComfortCamo™ technology that allows you to quickly and easily control the tension of the ear cup. Low profile headband utilizes impact-resistant headband design with stainless steel reinforced stress points. Cell Phone/Audio Interface Adapter. Advanced Microphone Technology. Boom Microphone.

P/N 11-04562 ............ $485.00

TELEX AIR 3100 HEADSET

The new Telex AIR 3100 is a medium weight headset (15 oz) which is extremely comfortable because of a unique headband knuckle design that distributes ear cushion pressure evenly over the entire ear circumference with no pressure point. Earcup tension is adjustable for preferred balance between noise reduction and comfort. The electret microphone is mounted on a fully adjustable and hinged boom. The AIR 3100 replaces the D950 and E951 Telex headsets, and is compatible for compatibility.

P/N 11-09440............. $285.95

TELEX AIRMAN 750 HEADSET

A featherweight headset which is the lightest in the industry (2.5 oz). Features a miniature noise-canceling electret microphone that provides superior 400 Hz hum rejection. Microphone pivot arm pivots 310° for use on the right or left side. The optional Telex® PT-300 push-to-talk switch is recommended for use with the Airman 750.

P/N 11-09500............ $229.00

TELEX AIRMAN 750 SINGLE-SIDED HEADSET

The Airman® 750SS is 25% lighter than the Airman® 750. Its effective weight (without the cord) is only 2.4 oz. Many pilots prefer the ergonomics of a single sided headset. It eliminates the need to pull off one of the earphones when listening to cockpit conversations.

P/N 11-09600............. $216.95

TELEX AIRMAN ANR 850 HEADSET

Uses Active Noise Reduction technology to provide up to 12dB of noise attenuation ensuring the clearest in-flight communication. Weighs less than 4 oz. Combines “set-and-forget” volume control with never having to worry about a battery pack. Power to the ANR is provided by mic bias (active intercom) eliminating the need for battery packs or panel power. By drastically reducing wind noise in jet cockpit, the Airman ANR 850 helps to reduce fatigue. The Telex Airman ANR 850 is unsurpassed in clarity, comfort and convenience.

P/N 11-01880............ $149.00

Telex Airman ANR 850 (Airbus Application)..... P/N 11-05464...... $149.00

Telex 850 Leather Ear Seals...................... P/N 11-04332....... $24.95
