BLASTING SYSTEMS - TIG WELDERS

DUAL STATION BLASTING CABINET
2 operators can blast simultaneously. No long delays for moving blast items, operator can simply change stations. 2 siphon blast guns, 2 90 CFM dust collectors, 4 Bright florescent tube lights, 2 pairs of "7"x33" blast gloves. 2 Air pressure regulators, 2 Foot pedal controls, 10 Extra protective window underlays, 5 Extra protective light underlays, 8 Extra nozzles - 4 Ea. 6mm and 7mm. Lighted power controls. 1 Year warranty.
P/N 12-04818 ....... $2,274.00

AMI TURBINE ENGINE WASH SYSTEMS
The AMI-TW60 turbine engine wash system and the AMI-TW60AT Turbine Engine Wash System (TEWS) for performing compressor and turbine washes to aircraft engines. Designed to perform compressor and turbine wheel washes to the manufacturers' specifications, the AMI-TW60 line is robust and well built, allowing the operator to save money.

AMI-TW60 ................................P/N 11-14758 ...................
AMI-TW60AT ....................................P/N 11-14757 ..................

Note: AMI-TW60AT can be used with shop air as the air source or the necessary, without changing bottles or fluids.

The lightweight and portable design allow you to move the cart easily and provides you the versatility of selectable outlet pressure and source selection to utilize water only when required and chemical solution when necessary, without changing bottles or fluids.
Note: AMI-TW60AT can be used with shop air as the air source or the on board air tank can be serviced with shop and it can be utilized as a self contained unit away from shop air.
AMI-TW60 ..................................................P/N 11-14757 ........ $2,750.00
AMI-TW60AT ............................................P/N 11-14758 ........... $2,995.00

TRIPLE DOOR BLAST CABINET
48x24’ Triple Door Blast Cabinet
- Full width top door
- Two side doors
- Foot pedal
- Florescent light
- 90 CFM dust collector attached
- Pressure regulator
- Replaceable window underlays
- Includes 4 nozzles
- Some assembly required.
P/N 12-02858 .......... $1,495.00

ASK MISTER TIG DVD
Learn how to tig weld with the best! Mister Tig (Wyatt Swain) - 30 years of aerospace welding experience - will teach you the fundamentals and launch your tig welding training. This 34 minute DVD will teach you the proper torch angle, tungsten preparation, tungsten stick-out, and the proper “dabbing” of the filler rod technique. This instructional DVD will help you set up your machine for the correct procedures including aluminum (alternating current), and 4130-cro-mo (DC-). The DVD is also packed with tig information and is designed for the beginner tig operator and will even help the intermediate operator.

TIG TORCHES & REPLACEMENT CABLES
PTA-9F - Air-cooled TIG torch, rated 125 amps at 60% duty cycle. Includes a 12-1/2 foot Superflex Cable. Equipped with a flexible head for easy maneuverability into tight places.
P/N 12-00391 .......... $196.90

REPLACEMENT CABLE - 12-1/2 foot Superflex replacement cable for the PTA-9F
P/N 12-00399 .......... $59.75

REPLACEMENT CABLE - 12-1/2 foot Superflex replacement cable for the PTA-17H
P/N 12-00392 .......... $296.95

TIG TORCH ACCESSORY KITS
9GL KIT - TigDepot Parts Kits provide all the accessories you need to start welding. Parts Kits provide collets, collet bodies, a back cap, alumina nozzles and tungsten in a variety of sizes, all packaged in an easy to carry replaceable box.
The 9GL Kit comes with: .040, 1/16, 3/32 Collets, Gas Lens Collet Bodies, Gas Lens Nozzles, (.04, .06, .07), a long Back Cap, and an assortment of 2% Thoriated and Ceriated Tungsten in a convenient plastic box. For the 9 Series torches.
P/N 12-00393 ........ $69.95

17H-GL KIT - The TigDepot 17H Gas Lens Kit is made specifically for the 210 Amp 17H Torch. The Kit includes One of each: 2% Thoriated and Ceriated Tungsten in a convenient plastic box. For the 9 Series torches.
P/N 12-00393 .......... $69.95

TIG WELDERS / WELDING EQUIPMENT
INVERTEC V155-S TIG READY-PAK - Weighing in at just under 15 lbs. (6.8 kg) it is no lightweight contender. It packs the full punch of a heavyweight professional that you can take to the most demanding jobs. With 120/230V auto reconnect operation, it can operate from a portable generator. It can also plug into a 200 foot (61 m) 230V extension cord (not included) so you can weld just about anywhere. The Dent resistant case is IP23 rated for outdoor use.
P/N 12-01978 .......... $1,195.00
