21” Frame: 5’11” - 6’4” 700C. P/N 13-07247 $1,295.00

MONTAGUE SWISSBIKE X90
The Montague SwissBike X90 is an aggressive 30-speed folding hardtail with a stiff frame providing both performance and portability. With 26" wheels, it’s a full-size bike with full-size performance, but folds to fit in the trunk of a car or in a small closet. These rugged folding bikes are built to outlast, handle any terrain, and carry a ton of gear. Clever integration of the patented CLIX System allows the SwissBike X90 to be folded in under 20 seconds without the use of tools. A flip of the seatpost in minutes with a 2x10 drivetrain. With fat tires and a wide range cassette, the X90 is designed for the true XC rider looking for speed and handling.

MONTAGUE KICK STAND - We offer a traditional steel kickstand that attaches to the Montague bike like a standard kickstand without interfering with the unique folding feature. Fits all models from 2015 or earlier. Included on most models. It is a multi purpose fitted rack to function also as kickstand.

MONTAGUE FOLDING PEDALS - These pedals reduce the width of the folded bike by 4 inches. While not ideal for high performance riding, they do serve a purpose for those with light space constraints.

MONTAGUE FOLDING BICYCLES

MONTAGUE PARATROOPER
The Paratrooper is one of the many folding bikes that Montague offers. Its patented folding design was developed to allow airborne soldiers to drop out of airplanes and into combat. The Paratrooper offers advanced features with 24 speeds and front and rear mechanical disc brakes. Known for its durability and load bearing capabilities, this folding bike has also developed a following with everyday commuters and weekend warriors. The Folding Integrated Technology (F.I.T.) is based around frame construction concepts designed for serious full suspension downhill bikes.

MONTAGUE PARATROOPER HIGHLINE MOUNTAIN BIKE
The Paratrooper Highline Mountain Bike is a true cross country machine. 27.5" inch wheels provide superior rolling ability over obstacles and rough terrain. A Rockshox fork and hydraulic disc brakes satisfy the true XC rider looking for convenience. Like all Montagues, the Highline is designed to fit on the bus or train, and easily in your airplane, car trunk or boat.

MONTAGUE SWISSBIKE X90
The Montague SwissBike X90 is an aggressive 30-speed folding hardtail with a stiff frame providing both performance and portability. With 26" wheels, it’s a full-size bike with full-size performance, but folds to fit in the trunk of a car or in a small closet. These rugged folding bikes are built to outlast, handle any terrain, and carry a ton of gear. Clever integration of the patented CLIX System allows the SwissBike X90 to be folded in under 20 seconds without the use of tools. A flip of the seatpost in minutes with a 2x10 drivetrain. With fat tires and a wide range cassette, the X90 is designed for the true XC rider looking for speed and handling.

MONTAGUE KICK STAND - We offer a traditional steel kickstand that attaches to the Montague bike like a standard kickstand without interfering with the unique folding feature.
