W-4 IPAD MINI KNEEBOARD
Kneeboard is made from highly durable and water resistant nylon. Has a pocket for your E6B, 5 pencils holders, a pouch for your CEPS/ earplugs, a removable grommet for your checklist, and a clear plastic strap that goes across your paper to keep them from flying away. One removable flip-up page with two pockets and a clipboard for PPC and notes. The middle of the kneeboard has 4 elastic bands at each corner to hold your mini iPad firmly in place. Fastened to the leg using an adjustable elastic strap complete with buckle and quick release clip.

P/N 13-19808 ...........................................$37.95

AIRGIZMO IPAD KNEEBOARD
The AirGizmo iPad Kneeboard allows accessing charts and apps on the iPad or iPad2 while flying easier and safer than ever. Molded plastic and a wide velcro strap allow for a secure, comfortable fit. Fold over tablet holder drops out of the way when not in use. Ability to adjust the angle of the iPad for best viewing angle and the ability to cut down glare. Designed to work with both the iPad and the iPad2.

P/N 13-11218 ..................$73.95

THE APPSTRAP FOR IPAD MINI
The original AppStrap architecture now with a full skin instead of clips. Compatible with the iPad Mini 1, 2, and 3. TPU Skin Protects iPad-mini. Functional & Protective. Instantly share, stow, or repositionNote: Product received will be strap & skin only. This is not a kneeboard, only a strap & skin that your iPad mini fits in.

P/N 13-12709 ..................$38.95

APPSTRAP TILT PADS
The original tilt-pad will convert any device or case into a kneeboard. Heavy-duty leg strap, Velcro joint. 2 Tilt Pads.
P/N 13-12954 ..............................$15.95

APPSTRAP CONVERSION KIT
Turn any tablet into a kneeboard with our DIY kit! Die cut velcro joint. Compatible with most covers/skins. Portrait or Landscape. Instantly share or stow. P/N 13-12563 ..................$29.95

APPSTRAP FOR THE IPAD MINI 4
The new AS-mini 4 maintains AppStrap’s commitment to excellence and pilot-approved design. The form-fitting gel-case adds protection to the damageable device and mates to the elastic leg strap using a unique and secure Velcro mating system. This allows the iPad to be repositioned with ease, stowed during flight, or adjusted to portrait/landscape mode. The unique modular tilt pad allows the device to be positioned at the optimum viewing angle and helps reduce annoying glare.

As with all of AppStrap’s product offerings, the AS-mini 4 employs most-needed features for routine cockpit use. These tablet kneeboard devices maintain a low-profile design without sacrificing on quality or durability.

P/N 13-18750 ..................$38.95

GENESIS X IPAD ROTATING KNEEBOARD / CASE
Made to fit all generations of iPads and port locations. Main frame is made of tough ABS and the corners made of Polyurethane. The frame is contoured around the rear camera and the front camera is completely unobstructed to allow access for Facetime TM, photos or video. Size: 10” x 7.6” x 1”.
P/N 13-12391 ..................$33.50

GENESIS IPAD CLIPBOARD ADD-ON
A sturdy 5001 grade aluminum clipboard is riveted to a soft velvet backing to protect your iPad touch screen. Pen holder at the top. This is an add-on accessory for the genesis and genesis 2 iPad cases. Not a standalone kneeboard.
P/N 13-14734 ..................$24.75

MOTM MOBILE WRIST MOUNT
MOTM™ works with any hand held unit: phone, music players, medical, GPS, and other mobile device units. MOTM™ is the only Wrist Mounting System (Patent Pending) that lets you integrate your mobile device with your active “on the move” lifestyle. MOTM™ securely attaches your mobile device to your wrist for quick and easy access at your finger tips. Whether driving, walking, working, traveling, cycling, hiking, or listening to your favorite music, the everyday uses of your MOTM™ are endless. With its fully rotational, non-magnetic features the MOTM™ makes it much easier, and safer, to interact with the sports, fitness and navigation Apps on your device.

The innovative MOTM™ Mounting System allows you to mount and remove your mobile device instantly. The MOTM™ Mounting Adapter attaches to your mobile device so it is always securely attached – without the need for lanyards, straps, or non-user friendly plastic sleeves or pouches. You can also use the MOTM™ Mounting Adapter to attach your device to the outside of your belt, pocket, backpack or purse for easy, immediate access. With MOTM™ you will never have to dig in your purse, pocket, or backpack looking for your mobile device again! Once you try it you will wonder how you ever got by without it! Made In USA.
