BANNERS – PITOT TUBE COVERS

AIRCRAFT FOR SALE BANNERS

Designed specifically for aircraft use, these banners slip right over your prop blades, moving in the breeze to attract attention—but will not rub against painted surfaces. Each banner is 5’ x 23”, made of heavyweight, weather-resistant and resistant to tearing. Sold as a set of 2.
P/N 3412.......................... $27.60

PROPELLER MOUNTED BANNERS

SLIP ON PITOT COVER

These prop cards are great when displaying your aircraft at a fly-in or event. There’s room in your personal information as well as large notes instructing onlookers to enjoy the views of your beautiful aircraft, but keep their hands off. They easily slide on and off the blades of your propeller. If you are organizing an event, these are affordable enough to pick up in bulk and pass them out to all who attend.
P/N 13-08020.......................... $1.35
