## DETACHABLE BULB LIGHTS

This flexible light is available for the Pilots lap desk or the Fly informed kneeboard & calculator.

Clear .....P/N 13-00811 .....\$22.30

## FLIGHT OUTFITTERS DUAL COLOR HEADLAMP

Flying at night can be a daunting task. Having both hands free to handle the workload during these tense situations is extremely important. This dual color headlamp puts the right type of light right where you need it without tying up your hands. Dual switches allow you to turn on just the white light, or just the red light. This means you don't have to scroll through different lights and ruin your night vision.

Each color of light has a high and low setting to maximize battery life. Uses 3AAA batteries (included). ....P/N 13-18183 .....\$29.95

## MITYLITE FLASHLIGHT BLACK

MityLite® is made of unbreakable space age polycarbonate resin and is 4-3/4" (11.3 cm) in length. Its Laser Spot Xenon® lamp module can cut through water, smoke, fog, and rain making it a perfect light source for all applications. Rotary on/off switch. The MityLite® is ATEX, FM, CSA and AUS approved and water resistant (not for diving applications). Color: Black. ....P/N 13-02238 .....\$15.60

## BRILA™ 550 LED HEADLAMP

The Brila 550 LED Headlamp will stay secure for all your outdoor adventures with its included top stability strap and even weight distribution between the front LED and rear battery pack. The easy-to-use focus control adjustment provides a long-distance spot beam or broad flood beam at up to 550 lumens on high and runs for up to 55 hours on low. ....P/N 13-22026 .....\$33.80

## SMITH & WESSON GALAXY 12 LED FLASHLIGHT

The Galaxy 12 LED Flashlight showcases our latest developments in flashlight versatility. This dual switch flashlight utilizes two buttons, one giving its user 6 White LEDs and the second provides a choice of 2 Blue/2 Red/2 Green LED modes. The shatterproof LED diodes last over 110,000 hours, are visible for over one mile, and will NEVER need replacing. Coupled with a limited lifetime warranty, these flashlights will protect you for a lifetime. Black Matte Aluminum. Includes 3 (AAA) batteries and deluxe nylon holster with extra battery storage. ....P/N 14-02199 .....\$28.50

## SMITH & WESSON GALAXY 28 LED FLASHLIGHT

Size AA.....P/N 14-00020 .....\$3.95  
Size AAA .....P/N 14-03292 .....\$3.95

## PETZL TACTIKKA CONSTANT HANDSFREE LIGHTING + RED / GREEN / BLUE

The Tactikka +RGB is a compact, 250-lumen headlamp designed for activities where stealth is key. This hybrid headlamp is powered by the included 3xAAA/LR03 batteries or by the optional CORE rechargeable battery. It features a long burn time, proximity or focused lighting for movement, and red/green/blue lighting which is easier on night vision and remains stealth. Red/green/blue lighting is easier on the user's night vision while remaining stealth. Powerful 250-lumen light has a long burn time. Provides three lighting modes: max autonomy, standard and max power. Single button operation is easy to use, even when wearing gloves while the headband is easy to slip on and off. Tactikka +RGB hybrid headlamps include three standard batteries, and are also compatible with the CORE rechargeable battery....P/N 11-05096 .....\$59.95

## DUO 5 HEADLAMP PETZL LIGHTS E69

The DUO lamps are ideal for use in wet environments, but are not designed for prolonged submersion (i.e. diving).

### Features:

- Waterproof with dual light source: focusable halogen bulb and an LED module.
- Switching on & off, brightness selection, zooming
- The DUO lamps allow the light to be optimized (distance, duration) according to your needs.
- Simultaneous use of both bulbs is not possible.
- Unlocking/locking the bezel

P/N 11-04996 .....\$99.95

## FLITELITE FINGER LIGHT

A simple light that attaches to the finger. An integrated, battery saving 10-minute auto-off. Simple touch the button and light will shine wherever the pilot points.

White .....P/N 13-07276 .....\$7.95  
Red.....P/N 13-07277 .....\$8.50
