

# RAM MOUNTING SYSTEMS

RAM Mounts are the revolutionary patented ball and socket mounting system that allow you to mount just about anything anywhere in your cockpit. Providing special attachments for yokes, glare shields and more, now you can mount your accessories where you want them. RAM Mounts are up to speed with the latest aviation technology products. Whether you use an iPad, PND, or PC, RAM has you covered. Ordering a custom RAM Mount is easy!

**Note: The "U" at the end of each model number means that the unit comes unpackaged.**

## BUILD YOUR RAM MOUNT SYSTEM ONLINE

Use our simple three-step process below to create your own custom RAM Mounting system. First, select which device you want mounted. Then, the required adapter will be automatically added. Then, choose the required arm for you mount. Next, choose how you would like the system to be mounted to your aircraft. Finally, add all the items to your cart and checkout. You can also add any combination to your cart: half-systems, full-systems, or individual parts. Simply piece them together when you receive your order and you're ready to go!

## BUILDING YOUR RAM MOUNT

Building and ordering your RAM Mount is easy. All you need to know is what you need to mount and where you would like to mount it - we take care of the rest. Building a RAM Mount solution usually consists of four parts: base, arm, adapter, and cradle/holder. Use the example image to the right for reference.
