MUSTANG INFLATABLE BELT PACK PFD

The Inflatable Belt Pack PFD from Mustang Survival fits around the waist like a belt, staying out of the way until you pull the inflation cord. Redesigned to fit and feel better with a great new look.

The ergonomic design conforms to the body to provide a secure and comfortable fit and is backed with Mustang's neoprene Comfort Lining(TM) to reduce chafing when worn against the skin. The PFD operates by manual inflation, meaning it won't inflate unless you pull the activation cord. Easy to wear and maintain, it inflates to provide 35lb buoyancy, more than twice the flotation of a traditional foam PFD.

A great option for those looking for minimal bulk and wanting to control when their PFD inflates. Recommended for paddlers, paddleboarders, river fishermen and general recreational boaters.

MUSTANG INFLATABLE PFD REARMING KIT

Designed to rearm your Mustang inflatable after deployment. This is a 1F Automatic and 3F Manual Inflatable PFD Re-Arm Kit E. P/N 13-20153 **\$36.50**

THROWRAFT INFLATABLE PERSONAL FLOTATION DEVICE

The TD2401 can be inflated manually with the pull tab or automatically by fully submerging it underwater. The device inflates quickly yet gently by filling itself with compressed air in a controlled manner. Once inflated, the TD2401 provides a sturdy, buoyant surface that's easy to maneuver. After it's been used, it can be easily repacked and recharged using a standard PFD re-arming kit.
