

# KELLY AEROSPACE IGNITION HARNESSSES

Kelly ignition harness incorporate a negative-pitch spring design (the tip of the coil spring extends inward) allowing the coil spring tip to lie flat against the spark plug electrode, providing 360 degree contact. Kelly ignition harnesses are FAA/PMA approved for Lycoming, Continental and Franklin engines. Should your preferred Harness not be in stock, please see Kelly Aerospace Blue Ignition Harnesses

**NOTE: PART NUMBERING SYSTEM and CROSS REFERENCE:** The part numbering system is "user Friendly" for quickly cross-referencing to both Champion and Unison Harnesses. The "KA1" prefix is equivalent to the Champion "CH1" or the Unison "M" with the balance of the part number remaining the same. Add the suffix "E" to the part number to designate the 90 degree steel elbow terminations whenever ordering an "Elbow" harness. (EXAMPLE: KA12121E).

**ALL PART NUMBERS LISTED ARE FOR RED IGNITION HARNESSSES. BLUE AND YELLOW ARE ALSO AVAILABLE. FOR A COMPLETE SELECTION, PLEASE VISIT [WWW.AIRCRAFTSPRUCE.COM](http://WWW.AIRCRAFTSPRUCE.COM)**
