

OIL FILTER TOOLS – OIL CAN CUTTERS

TEMPEST AA472 OIL FILTER TORQUE WRENCH
 The Tempest AA472 oil filter torque wrench is a great addition to any toolbox. Its 1" hex allows easy installation or removal of all oil filters. The torque wrench also comes preset to 17 foot pounds and is easily recalibrated.
 P/N 08-07023 **\$81.85**

TEMPEST AA473 OIL DRAIN TOOL
 Tired of messy oil filter changes? Tempest oil drain tool with a twist of the knob drills a hole in the filter and allows the oil to drain out of the filter into your container. No mess, easy to do and inexpensive. Tempest improved the popular AA473 Oil Filter Drain Tool by redesigning the swivel fitting to a smaller, more compact design. The new fitting also allows for easier use of the tool because of its "true" swivel characteristics. If you want to upgrade your previously purchased AA473 Oil Filter Drain Tool you can purchase the fitting individually.
Can only be used on Tempest Oil Filters.
 Oil Drain Tool P/N 12-02248 **\$42.75**

TEMPEST AA474 OIL FILTER WRENCH EXTENSION
 Some aircraft applications create an environment that does not allow adequate clearance to get a torque wrench or even an open-end wrench around the install nut on oil filters. Even though Tempest has recently introduced the Dash II filter, which is the shortest oil filter on the market, the clearance is still not enough on some applications, such as Beech Barons and Bonanzas. To eliminate this problem Tempest produces the AA474 oil filter wrench extension. **Features:** Chrome-plated steel provides a high quality tool. Easy to use torque conversation label on back of tool.
 P/N 10-03929 **\$39.95**

TEMPEST OIL FILTER CAN CUTTER
 This universal cutter from Tempest is easy to use and is a great addition to any toolbox. It's made from high quality aircraft aluminum, making it lightweight and very durable. Works on all aircraft spin-on oil filters. Adapter pin easily removed for 'male' filters.
 P/N 12-01392 **\$124.75**
 Tempest Oil Can Cutter Blades.
 P/N 12-01393 **\$11.50**

SLICK T150 GAP GAUGE

Tool Gauge Gap. Will work on Lycoming and Continental engines.
 P/N 12-00302 **\$21.65**

CHALLENGER OIL FILTER TORQUE WRENCH

Challenger CP102 Oil Filter Wrench Torque Wrench Adapter 1" L
 P/N 12-01674 **\$16.85**
 Challenger CP103 Oil Filter Wrench Torque Wrench Adapter 30 MMS
 P/N 12-01675 **\$13.95**
 Challenger CP102 Oil Filter Wrench Torque Wrench Adapter 1" ST
 P/N 12-01676 **\$13.95**

OIL EASY WRENCH

The "Oil Easy Wrench" is specifically designed to remove the oil filter on any aircraft using the Teledyne Continental IO-520 or IO-550 engine. In fact, it is a universal oil filter wrench that works great on any piston engine airplane! Recommended at the Malibu Mirage Owners and Pilots Association (MMOPA) maintenance seminar!!! On IO-520's & IO-550's engines, it's the only wrench that can get between the top of the oil filter and the pressure pump and still provide enough leverage to remove the old (usually stuck) oil filter by hand. And because you are able to remove the old filter without any damage, your inspections of the old filter are more accurate, without any contamination from more extreme filter removal methods.... P/N 12-01552 **\$49.50**

ACS OIL CAN CUTTER

This unit has the capacity of both P/N AFC-470 & 12-21395. It also uses the same replacement blade as the 12-21395. Anodized "Red" for corrosion resistance. Base can be clamped in a bench vise if desired. Made in USA
 P/N 12-01048 **\$68.50**

CT-709 OIL FILTER ADAPTER WRENCH

The CT- 709 tool, designed by a professional aircraft mechanic makes the job easier. Manufactured from tool quality steel, the wrench features both 3/8" and 1/2" drives, as well as "flip over" reversibility. For Cessna adapter for 150 Series through 300 Series Aircraft.
 P/N 12-00792 **\$179.75**

AIRWOLF AFC-470 OIL CAN CUTTER

Every A&P knows the importance of cutting every single oil filter open after an oil change. The problem up to now was oil filters were difficult to open and the tools to open them were expensive. This is no longer the case with the Airwolf AFC-470 oil filter cutter. The AFC-470 is the easiest and quickest way to determine the current health of your engine. The Airwolf AFC-470 oil filter cutter is constructed out of a solid 6" billet of super strong 6061-T6 aluminum, hard anodized to resist scratches and wear. Stainless steel rollers allow the oil filter to spin effortlessly during cutting. And finally, our specially designed razor sharp cutter wheel hardened to 60 Rockwell, will make quick work of opening any oil filter. This filter is designed to last a lifetime. Fits new style oil filters.
 Champion/Tempest/Kelly Filters from 3.75" - 3.00" Dia
 Opens oil filters from 3.75" - 3.00" Dia P/N 12-00789-1 **\$99.95**
 Rotax Filters From 3.25" - 2.375" Dia P/N 12-02295 **\$89.95**
 Large Fram Filters (Radial) P/N 08-07191 **\$134.85**
 Replacement Cutting Wheel..... P/N 08-13957 **\$8.65**

HAND CRANK OIL FILTER CUTTING TOOL

This tool was designed to eliminate much of the mess that occurs with small hand-held oil filter cutting tools. Very simple to operate, it is excellent for individual aircraft owners as well as FBO's and maintenance shops where a lot of filters need to be cut. Simply clamp in a vise, screw on the filter, turn the cutter into the filter and hand crank to open the filter. The rugged construction enables this tool to operate trouble free for years.
