

FLIGHT HELMETS - FLIGHT JACKETS

LIFT AVIATION FLIGHT HELMETS

This aviation helmet is made out of a fiberglass composite, utilizing Koroyd® and an anti-microbial comfort liner making it the lightest aviation helmet on the market. Features Fire Retardant trim and a FIDLOCK™ buckle system. Works with any aftermarket in helmet communications devices.

Features: • Airflow Comfort Liner - Is a breathable material that promotes air flow circulation and cooling. Made from FireBlock, a fire resistant composite, and Ariaprene, this moisture wicking liner draws sweat away from the wearers head. • Pure Optics Goggle - The Anti-fog UV lens provides premium optics, reduces glare and supports a wider field of vision. TPR molded Visor Retainers mounted on the shell keep the visor from sliding off the helmet. • Flow-Vents - Promotes ventilation and enhanced cooling with strategically engineered exhaust ports designed to pull cool air in and push hot air out. • Fidlock® - Quick Release Allows the fasteners to be conveniently opened and closed single handedly. • PolyFusion Shell - Is the first line of impact defense and is designed to withstand the impact forces you'll encounter inside the cockpit. In addition, this shell is engineered to maintain structural integrity in extreme temperatures. • Headset integration - The AV-1 KOR's shell is designed to fit a wide variety of communication units to suit the wearers aviation needs. • Snap Lock TPR - This rear mounted TPR strap secures the shield and utilizes a button snap closure system. **\$1,215.00/ea.**

FLIGHT OUTFITTERS BUSH PILOT JACKET

This jacket is essential equipment for your next adventure, whether you're flying seaplanes in Alaska or splitting wood in your back yard. Its rugged exterior blocks out wind and rain, and can stand up to almost any abuse. But the Bush Pilot jacket is as comfortable on the inside as it is tough on the outside, with a quilted body lining and Sherpa accents to keep you warm. It's the bomber jacket for the modern pilot.
