

# GILL DRY CHARGE BATTERIES

The Gill LT Sealed line provides reliable sealed valve regulated lead acid (VRLA) batteries with higher starting power, higher residual power and faster re-charging. These batteries are ideal for the high demands of Jet, Rotor and Turbo aircraft and for anyone who needs more power. They are backed by a 2 year mfg. warranty and do not require a capacity check for a full 18 months.

## DRY CHARGED (FLOODED NOT SEALED) BATTERY SPECIFICATIONS

Model	Volts	Amp Hours (C1)	30 Minute Emergency Rate. (A)	Electrolyte (Qts.)	60 Second Discharge at -18°C (0°F, A)	Weight lbs	Part No.	Price
