HSS EXTENSION DRILL BITS

NAS 907 Type "B" and Type "J" 135° Split Point
These aircraft extension drills are manufactured to provide long life. Our cobalt drills are used for drilling in tough, high tensile strength materials like stainless steel titanium and inconel. A heavy duty flute design is incorporated and a 135° split point.

ECONOMY COBALT 115 PC DRILL SET

Each of these 115 cobalt drill bits comes organized in a metal indexed storage case for easy transport to your worksite. These cobalt drill bits retain their hardness up to 1000 degrees Fahrenheit making them ideal for drilling cast iron, heat-treated steel, stainless

steel and other hard materials. With aggressive 135 degree tips, these cobalt drills bits not only last longer but also cut faster than your standard high speed steel bits! ImportedP/N 12-04806\$147.75

HSS 1/4-28 MALE THREADED DRILL BITS

High Speed Steel
• Type B Threaded Hex Shank HSS Adaptor
• Drill - NAS 965 1/4-28 UNF Class 2A Thread
• Surface Treated-Steam Oxide
• Drills are manufactured to NAS 965 Type B construction.
• High Speed Steel drills are for drilling general to medium duty, low tensile strength materials in confined areas.

COBALT 1/4-28 MALE THREADED DRILL BITS

Cobalt
• Type D Threaded Square Shank Cobalt Adaptor
• Drill NAS 965 1/4-28 UNF Class 2A Thread
• Surface Treated-Steam Oxide
• Drills are manufactured to NAS 965 Type D construction.
• Cobalt drills are for drilling hard, tough, high tensile strength materials in confined areas.
