RFastened to the leg using an adjustable elastic strap complete with buckle and quick release clip.

P/N 13-19805\$46.65

W-4 KNEEBOARD

Kneeboard is made from highly durable and water resistant nylon. Removable strap for the checklist on the left side and pencil holders, a small pocket for CEPs, and a larger pocket for an E6B on the right side. An added feature is

the clear strap that goes across the clipboard to keep pages from flying around. Fastened to the leg using an adjustable elastic strap complete with buckle and quick release clip..... P/N 13-19806\$32.65

TRIFOLD WITH POCKET KNEEBOARD

Kneeboard is made from highly durable and water resistant nylon. Compact kneeboard made with the small cockpit in mind. One pocket on the front, two pockets on the left, two pencil holders, and a plastic pocket on the right. An elastic band to hold a

flight computer and a plastic clipboard in the center. When closed, the kneeboard is held together with velcro fasteners. Fastened to the leg using an adjustable elastic strap complete with buckle and quick release clip.

Small Dimensions: 5" x 8" when closed, 14 1/2" x 8" when open
P/N 13-19810\$27.65
Large Dimensions: 7" x 9 1/2" when closed, 20" x 9 1/2" when open
P/N 13-19811\$32.65

FLIGHT OUTFITTERS CHART KNEEBOARD

Sometimes all you need is a simple kneeboard for storing and organizing your must-have gear, without weighing down your leg. The Flight Outfitters Chart Kneeboard provides a secure mounting surface without all the bulk

of traditional kneeboards. Thick leg strap feeds through a metal buckle to firmly attach the kneeboard to your leg—it will stay in place no matter how rough that dirt strip landing is. Reversible design can be used on your left or right leg, and is small enough to work in airplanes with a center stick. Measures 8" tall x 14" wide when flat yet folds down to only 5" wide, making it easy to stow.....P/N 13-23896\$44.95

EFB CADDY

In a word it is all about "SAFETY"! With the advent of Electronic Flight Bag(EFB) software, Tablet technology and ADS-B receivers, today's GA pilot has access to reasonably priced, portable technology that greatly improves the safety conditions, under which they can now operate. Enhanced situational awareness and

reduced pilot workload, both preflight and in-flight, are but two of the several benefits. EFB CADDY was designed to further improve the pilot experience, by addressing the deficiencies found in many of the current Tablet holder products. Secure physical attachment and head-up, unobstructed panel and outside view are critical features.

Description	Part No.	Price

ULTIMATE KNEEBOARD IPAD HOLDERS

The Ultimate Kneeboard iPad® holder has a seven ring design so it will fit both models of the Ultimate Kneeboard®. It is also designed to fit all models of the iPad® and iPad® mini. The Ultimate Kneeboard iPad® holder is made from the same durable materials as the Ultimate Kneeboard®. It is held in place at each corner with heavy-duty elastic and offers easy access to the Home button and connector port. Just like the Ultimate Kneeboard®, the iPad® holder comes with a money back guarantee and is made in the USA by folks from Boise, Idaho.

HARPER KNEEBOARDS

FIXED RING ULTIMATE KNEEBOARD™

The fixed-ring model is the most popular kneeboard. The convenience of the snap-open, ring binder design makes it ideal for quickly changing pages, charts and checklists. Pilots flying into multiple airports or flying a variety of planes will find the fixed-ring design perfectly suited for them.....P/N 13-07022\$46.50

LOOSE RING ULTIMATE KNEEBOARD™

Our loose-ring model has seven independent rings which are not bound together. The result is a kneeboard that molds perfectly to the shape of the pilot's leg. It is ideal for pilots who primarily fly the same airplane in and out of the same airport.
