## MGF ARMORGLAS SCREEN PROTECTORS

When it comes to screen protection, nothing is better than the feel and clarity of pure glass. ArmorGlas™ is like having no screen protector on at all - you won't even realize it's there. ArmorGlas™ is made of premium, ultra-thin tempered glass. It is designed to preserve the feel and clarity of the standard screen on your device while adding a substantial level of protection. ArmorGlas™ is made to protect the screen of your device from fingerprints and scratches and is very effective at absorbing impact to minimize the chance of shattering your display.
