

# SPRAY EQUIPMENT - INSPECTION MIRRORS

## PREVAL SPRAY GUN

Sprays paints, primers, gel coats, lubricating oils, cleaners, zinc chromate, etc. The Preval Sprayer is a professional grade spray system that is good for countless applications. It's disposable, recyclable, easy to clean, and, best of all, no compressor is needed. The Preval Sprayer's patented venturri vacuum process pulls liquid from any compatible, removable, and refillable container and delivers a professional-grade spray stream to virtually any surface. It's amazing.

- Easy replacement and cleanup with interchangeable and disposable parts
- Customize your color or use with the medium of your choice
- Store media in containers for easy reuse
- Great for DIY projects
- Professional- grade finish

## THE INSPECTOR ADJUSTABLE LIGHTED INSPECTION MIRROR

No more trying to aim a flashlight at the old style mirror. Inspector is a one-hand tool that comes with a very bright light that illuminates the total inspection area. Easy to adjust the mirror angle. Once inserted into the inspection area, simply push or pull the thumb knob for a 90° mirror angle adjustment. The product is constructed of non-conductive materials for safety. The mirror, lamp, and 2-AA batteries (included) are easily replaceable.
