

FLYBOYS iPad CASES AND ACCESSORIES

PIVOT LOW PROFILE SINGLE SUCTION CUP MOUNT
The PIVOT Low Profile Suction Cup Mount similar to the popular PIVOT Classic Suction Cup Mount, featuring an improved suction cup locking mechanism that allows an even greater range of adjustability and flexibility. Attaches to any non-porous surface with unshakable grip due to the powerful aviation-grade Locking Suction Cup. Both the mounting plate and arm are adjustable to provide the ideal device viewing angle for almost any application.

PIVOT LOW PROFILE KNEEBOARD ADAPTER

Transform a FB3316 FlyBoys Reversible Kneeboard or FB1316 FlyBoys Classic Kneeboard into an Electronic Flight Bag Leg Mount with the PIVOT Low Profile Kneeboard Adapter and PIVOT case. The molded base and rotating mounting plate offer the slimmest, most secure design for mounting a device on the pilot's thigh. The kneeboard insert is a folding clipboard replacement. Just insert into the clipboard pocket and feed the map strap under and through the mounting plate.....

P/N 11-19551 **\$29.95**

PIVOT LEG STRAP

Compact, streamlined, and ergonomic, the PIVOT Leg Strap securely mounts any PIVOT case to the pilot's leg, while providing a wide range of adjustability. Includes two adjustable leg straps to ensure a comfortable fit, while the locking tab and textured underside ensures the leg strap remains securely in place through all phases of flight. The included belt tether provides extra security by keeping the leg strap firmly in position, even while walking.....

P/N 11-19552 **\$39.95**

REVERSIBLE EYELET STRIP

The Eyelet Strip for the FlyBoys Reversible Kneeboard can serve as a replacement for the Eyelet Strip that is included with the Reversible Kneeboard, or as an additional hot-swappable eyelet strip that allows pilots to quickly and easily switch between checklists or other publications. Helps keep checklists, inflight guides, and more, organized and ready to switch as mission requirements dictate. Simply snap the buttons together on both sides when affixing to the kneeboard, and press along the entire strip to set it in place.....

P/N 13-24448 **\$7.50**

REVERSIBLE KNEEBOARD

The unique reversible design accommodates all pilots, left and right-handed, and can be configured to suit the pilot's preferences and mission requirements. All pouches and pen pockets are removable and secured in place with hook and loop fasteners. The durable 600D fabric ensures years of trouble-free use in the most demanding operational environments. Like the FlyBoys Classic Kneeboard, the FlyBoys Reversible Kneeboard features seven eyelets for securing checklists, plastic checklist pages, in-flight guides, and more. The 5 x 8" clipboard can secure standard approach plates. The clipboard can also be removed to accommodate PIVOT Low Profile Kneeboard Adapter (sold separately) for mounting any devices protected by a PIVOT case. The FlyBoys Reversible Kneeboard is the kneeboard of choice for military and civilian pilots everywhere.....

LEG STRAP

The FlyBoys Belt Loop Leg Strap secures the FlyBoys Reversible Kneeboard, preventing it from slipping while walking around or exiting the aircraft. Attaches to the MOLLE attachment loops on the back of the Reversible Kneeboard.....

P/N 13-24445 **\$5.40**

DELUXE PEN LOOP

The FlyBoys Deluxe Pen Loop is the highest quality, most versatile and most comfortable means to help pilots prevent FOD in the cockpit due to dropped pens or pencils, and keeps writing implements at the ready for times when it may be necessary to copy information with little to no notice. It is fully adjustable and will fit most hands, is ambidextrous and perfect for right and left-handed pilots, and the pen holder pivots to support a wide-range of angles.

P/N 13-24440 **\$8.50**

FLYBOYS FLEXIBLE CLIPBOARD

The lightweight and durable flexible plastic construction provides an excellent writing surface and a stable platform for checklists, while conforming to the pilot's leg for maximum comfort. This clipboard is the only suitable alternative to rigid aluminum clipboards.....

CHECKLIST RING 1.75 IN DIAMETER BLUE

The classic, combat-tested FlyBoys Checklist Rings that have been in widespread use throughout the military for many years, and are the #1 checklist ring in use by the US Air Force. Designed to accommodate standard-size checklists, the FlyBoys Checklist Rings are 1.75 inches when locked, and feature the FlyBoys-exclusive stainless steel locking mechanism. The ring is constructed from heavy duty monofilament plastic, ensuring years of trouble-free use in the toughest operational environments.

P/N 13-24428 **\$13.90**

CHECKLIST RING BRAIDED STAINLESS CORE CLEAR

Note: Sold as a pack of 5

Designed to accommodate standard-size checklists, these FlyBoys Checklist Rings incorporate the same features of the popular FB1000 FlyBoys Checklist Rings, with a PVC-coated braided stainless steel ring for maximum strength and durability. The result is an ultra heavy-duty ring that should last a lifetime in the toughest operational environments. These rings are 1.75 inches when locked, and feature a FlyBoys-exclusive stainless steel locking mechanism.

Made in the USA P/N 13-24429 **\$1.55**

XL CHECKLIST RING BLACK

Note: Sold as a pack of 5

Designed to accommodate thicker checklists, the FlyBoys XL Checklist Rings are 2.25 inches when locked, compared to 1.50 inches for the standard-sized FB1000 Checklist Rings, and feature the FlyBoys-exclusive stainless steel locking mechanism. The ring is constructed from heavy duty monofilament plastic, ensuring years of trouble-free use in the toughest operational environments.

CHECKLIST RING XXL

Note: Sold as a pack of 5

Designed to accommodate even the thickest checklists, the FlyBoys 7" XXL Checklist Rings are 2.5 inches when locked, featuring a FlyBoys-exclusive stainless steel locking mechanism. The heavy duty steel core is PVC coated, ensuring years of trouble-free use in the toughest operational environments.

P/N 13-24432 **\$8.50**

CHECKLIST BOOK JEPPESEN 5.5X8.5IN

The FlyBoys Jepp Checklist Book is designed to accommodate 8.5 x 5.5 inch Jeppesen charts and to provide extra space for larger checklist pages. Also accommodates standard letter sized pages (8.5 x 11 inch) that are folded in half. Constructed from the same high quality frosted plastic as the standard FlyBoys Checklist Book, the FlyBoys Jepp Checklist Book is extremely durable, heat and cold tolerant, and capable of providing years of trouble-free use in the most demanding operational environments while providing superior protection for its contents. Includes 25 plastic pages.....

PUBS BAG F-16 VIPER BLACK

Specifically designed in cooperation with active F-16 squadrons for the F-16 Pubs Bin, the FlyBoys F-16 Viper Pubs Bag fits perfectly in the F-16 cockpit. Flight-tested and aircrew approved, with countless flight hours logged. Keeps flight publications secure, organized, and conveniently within reach during flight. Find out why the FlyBoys F-16 Viper Pubs Bag is the in-flight publications storage option of choice for F-16 pilots everywhere, and order yours today.....

P/N 13-24433 **\$31.50**

MISSION PUBLICATIONS PUBS BAG - OLIVE

FlyBoys most popular pubs bag, the FlyBoys Regular Pubs bag is rugged, versatile, and easy to use. Combat tested, with countless flight hours in a myriad of different aircraft, this PubsBag is ideal for organizing and storing checklists, charts, approach books, headsets, and more for easy access in-flight. Despite its compact appearance when empty, the Regular PubsBag offers plenty of storage. The main storage compartment expands up to 5.5 inches, and features an interior divider for organizing contents.

The front and rear compartments also expand, giving the entire bag the ability to expand from just 1 inch thick when empty, to 8.5 inches when fully loaded. The sides of the bags feature a dual-pen holder on one side, and a flexible side pocket on the other, perfect for storing a water bottle, sunglasses, a flashlight, and more.....

P/N 13-24435 **\$27.75**

T-6 NAVMASTER PUBS BAG

The FlyBoys T-6 NavMaster SaddleBag is absolutely a must-have for all T-6 student pilots and instructor pilots. Working directly with the instructors at Sheppard AFB, the FlyBoys team designed this exclusive bag to provide the ideal product for transporting and storing flight publications, while greatly enhancing safety of flight. The bag is designed for precise installation on the glare-shield, allowing student and instructor pilots to access publications without going "heads down" during critical phases of flight, and without causing any obstruction of their view outside the cockpit. Organize and pre-position necessary publications in the low-profile side-by-side compartments. No T-6 student or instructor pilot should consider flying without the FlyBoys T-6 NavMaster SaddleBag.....

P/N 13-24449 **\$41.75**

T-38 PUBS BAG

Specifically designed for the AT/T-38, with countless flight hours spent developing, testing and optimizing the design for AT/T-38 pilots. The resulting FlyBoys AT/T-38 Pubs bag is a quantum leap ahead of the traditional government-issued rubber-canvas T-38 pubs bags.
